Dear Mr. Karakashian:

You ask whether certain information is subject to required public disclosure under the Texas Open Records Act (the "act"), Government Code chapter 552. We assigned your request ID# 25631.

The Texas Department of Public Safety (the "department") has received a request for information relating to a department promotional process. Specifically, the requestor seeks "a copy of all documents relating to the February 16, 1994, promotion board for corporal; including oral examination reports and any and all other documents relating to, considered in, or generated by his application for corporal, his promotion board, and the denial of promotion." You advise us that the department will make some of the requested information available to the requestor. You seek, however, to withhold the remaining information under sections 552.102 and 552.122 of the Government Code.

A prior decision of this office, Open Records Decision No. 626 (1994) (copy enclosed), resolves your request. We have examined the information submitted to us for review and have marked the information that the department may withhold under section 552.122 of the Government Code. With the exception of the marked information, however, the requested information must be released in its entirety.

Because case law and prior published open records decisions resolve your request, we are resolving this matter with this informal letter ruling rather than with a published open records decision. If you have questions about this ruling, please contact this office.

Yours very truly,

A handwritten signature in cursive script that reads "Margaret A. Roll".
