

November 14, 2002

Mr. Marc Allen Connelly
Assistant General Counsel
Texas Department of Health
1100 West 49th Street
Austin, Texas 78756-3199

OR2002-6501

Dear Mr. Connelly:

You ask whether certain information is subject to required public disclosure under chapter 552 of the Government Code. Your request was assigned ID# 172171.

The Texas Department of Health (the "department") received a request for information regarding Gambro Healthcare UCK, an end stage renal facility licensed by the department. You state that some requested information will be released to the requestor. You claim, however, that the information you have marked is excepted from disclosure under section 552.101 of the Government Code in conjunction with section 251.015 of the Health and Safety Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note, and you acknowledge, that the department has not sought an open records decision from this office within the ten business day time period prescribed by section 552.301 of the Government Code. When a governmental body fails to comply with the procedural requirements of section 552.301, the information at issue is presumed public. *See Gov't Code § 552.302; Hancock v. State Bd. of Ins.*, 797 S.W.2d 379 (Tex. App.--Austin 1990, no writ); *City of Houston v. Houston Chronicle Publ'g Co.*, 673 S.W.2d 316, 323 (Tex. App.--Houston [1st Dist.] 1984, no writ); Open Records Decision No. 319 (1982). The governmental body must show a compelling interest to withhold the information to overcome this presumption. *See id.* Normally, a compelling interest exists when some other source of law makes the information confidential or when third party interests are at stake. Open Records Decision No. 150 at 2 (1977). As the presumption of openness can be overcome by

a showing that information is confidential by law, we will consider your arguments under section 552.101.

Section 552.101 excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." This exception encompasses information that other statutes make confidential. Section 251.015 of the Health and Safety Code provides as follows:

(a) A medical review board shall advise the board on minimum standards and rules to be adopted under this chapter.

(b) The medical review board shall review the information on quality of care provided in the annual report filed under Section 251.013(f) and other appropriate information provided to or compiled by the [Texas Department of Health] with respect to an end stage renal disease facility. Based on the review, the medical review board may advise the [Texas Department of Health] about the quality of care provided by a facility and recommend an appropriate corrective action plan under Section 251.061 or other enforcement proceedings against the facility.

(c) Information concerning the quality of care provided to or compiled by the [Texas Department of Health] or medical review board and a recommendation of the medical review board are confidential. The information or recommendation may not be made available for public inspection, is not subject to disclosure under Chapter 552, Government Code, and is not subject to discovery, subpoena, or other compulsory legal process.

(d) The [Texas Department of Health], in its discretion, may release to a facility information relating to that facility that is made confidential under Sub-section (c). Release of information to a facility under this subsection does not waive the confidentiality of that information or the privilege from compulsory legal process.

Section 251.061(g) of the Health and Safety Code provides in part:

(g) A corrective action plan is not confidential. Information contained in the plan may be excepted from required disclosure under Chapter 552, Government Code, in accordance with that chapter or other applicable law.

You indicate that the submitted documents were created by the state surveyor upon inspection of an end stage renal disease facility. You state that the information in the left column of the submitted documents that you have marked is quality of care information provided to or compiled by the department, or recommendations of the medical review

board. Upon review of your representations and the submitted information, we agree that the information you have marked is confidential under section 251.015(c) and must be withheld from disclosure under section 552.101.

In summary, the department must withhold the information you have marked under section 552.101 of the Government Code in conjunction with section 251.015(c) of the Health and Safety Code. The remaining information must be released to the requestor.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited from asking the attorney general to reconsider this ruling. Gov't Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must appeal by filing suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such an appeal, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3), (c). If the governmental body does not appeal this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, within 10 calendar days of this ruling, the governmental body will do one of the following three things: 1) release the public records; 2) notify the requestor of the exact day, time, and place that copies of the records will be provided or that the records can be inspected; or 3) notify the requestor of the governmental body's intent to challenge this letter ruling in court. If the governmental body fails to do one of these three things within 10 calendar days of this ruling, then the requestor should report that failure to the attorney general's Open Government Hotline, toll free, at 877/673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can appeal that decision by suing the governmental body. *Id.* § 552.321(a); *Texas Department of Public Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.--Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or

complaints about over-charging must be directed to Hadassah Schloss at the Texas Building and Procurement Commission at 512/475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. We note that a third party may challenge this ruling by filing suit seeking to withhold information from a requestor. Gov't Code § 552.325. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

David R. Saldivar
Assistant Attorney General
Open Records Division
