Mr. Daniel Bradford
Assistant County Attorney
County of Travis
P.O. Box 1748

OR2008-01376

Dear Mr. Bradford:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 334908.

Travis County (the "county") received a request for all medical records of a named individual pertaining to cause number D-1-GN-08-000894. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 excepts from disclosure "information considered to be confidential by law, either constitutional statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Access to medical records is governed by the Medical Practices Act (the "MPA"), chapter 159 of the Occupations Code. Section 159.002 of the MPA provides:

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code §§ 159.002(b),(c). This office has concluded that the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Further, information that is subject to the MPA also includes information that was obtained from medical records. *See* Occ. Code. § 159.002(a), (b), (c); *see also* Open Records Decision No. 598 (1991). Section 159.002(c) also requires that any subsequent release of medical records be consistent with the purposes for which the governmental body obtained the records. *See* Open Records Decision No. 565 at 7 (1990). Upon review, we conclude that the submitted information constitutes medical records that are subject to the MPA. Thus, the submitted information may only be disclosed in accordance with the MPA.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Adam Leiber
