

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

Ms. Maria A. Smith
North Texas Tollway Authority
P.O. Box 260729
Plano, Texas 75026

OR2009-09620

Dear Ms. Smith:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 348739.

The North Texas Tollway Authority (the "authority") received a request for information concerning the Trinity River Parkway project, the Dallas Floodway Project and the Woodall Rogers Freeway Extension/Margaret Hunt Hill Bridge. You state you will release most of the requested information. You claim that the submitted information is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted information.¹

Section 552.111 of the Government Code excepts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. This section incorporates the deliberative process privilege into the Act. Open Records Decision No. 647 at 5-6. The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex.App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615 (1993), this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v.*

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Gilbreath, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined that section 552.111 excepts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. See ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; see also *City of Garland v. Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body's policy mission. See Open Records Decision No. 631 at 3 (1995). Additionally, section 552.111 does not generally except from disclosure purely factual information that is severable from the opinion portions of internal memoranda. *Arlington Indep. Sch. Dist. v. Tex. Attorney Gen.*, 37 S.W.3d 152 (Tex. App.—Austin 2001, no pet.); ORD 615 at 4-5.

This office has also concluded that a preliminary draft of a document that is intended for public release in its final form necessarily represents the drafter's advice, opinion, and recommendation with regard to the form and content of the final document, so as to be excepted from disclosure under section 552.111. See Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. See *id.* at 2-3. Thus, section 552.111 encompasses the entire contents, including comments, underlining, deletions, and proofreading marks, of a preliminary draft of a policymaking document that will be released to the public in its final form. See *id.* at 2.

Section 552.111 can also encompass communications between a governmental body and a third party, including a consultant or other party with a privity of interest. See Open Records Decision Nos. 631 at 2 (section 552.111 encompasses information created for governmental body by outside consultant acting at governmental body's request and performing task that is within governmental body's authority), 561 at 9 (1990) (section 552.111 encompasses communications with party with which governmental body has privity of interest or common deliberative process), 462 at 14 (1987) (section 552.111 applies to memoranda prepared by governmental body's consultants). For section 552.111 to apply, the governmental body must identify the third party and explain the nature of its relationship with the governmental body. Section 552.111 is not applicable to a communication between the governmental body and a third party unless the governmental body establishes it has a privity of interest or common deliberative process with the third party. See ORD 561 at 9.

You inform us that the submitted information consists of draft documents and communications between and among the authority, its consultants, the City of Dallas, the City of Dallas's consultants, and the Corps of Engineers evaluating the feasibility of constructing the project at issue. You additionally state that the authority is responsible for the environmental documentation process for this project and that the City of Dallas is a sponsor of the project and that the Corps of Engineers is a cooperating agency of the project.

You contend that these documents contain advice, recommendations, and opinions regarding the proposed project and that release of this information would impair the decision making process. You also contend that portions of the submitted information consist of draft documents that will be released to the public in their final form. Based on your representations and our review of the information at issue, we find that the authority may withhold the information we have marked under section 552.111 of the Government Code. However, we find that you have failed to demonstrate how any of the remaining information consists of draft documents or reflects advice, opinion, or recommendation pertaining to the policymaking processes of the authority. Therefore, the authority may not withhold any of the remaining information under section 552.111 of the Government Code.

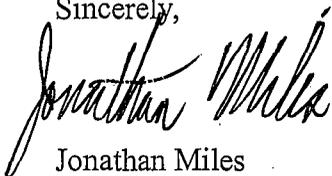

We note some of the remaining information is protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. *See* Attorney General Opinion JM-672 (1987). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *See id.* If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit. *See* Open Records Decision No. 550 (1990).

In summary, the authority may withhold the information we have marked under section 552.111 of the Government Code. The remaining information must be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
