Mr. Ronald J. Bounds
Assistant City Attorney
City of Corpus Christi

OR2009-10189

Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 349657.

The Corpus Christi-Nueces County Public Health District (the "district") received a request for all internal and external correspondence during specified dates regarding the H1N1 flu. You claim the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Initially, we note a portion of the submitted information does not pertain to the date range specified in the request, and some of the information does not pertain to the H1N1 flu, as specified in the request. Thus, this information, which we have marked, is not responsive

¹We assume the representative sample of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and, therefore, does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

to the request. This decision does not address the public availability of the non-responsive information, and that information need not be released.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, like section 81.046 of the Health and Safety Code, which provides in part:

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

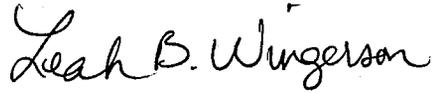

Act of May 1, 1995, 74th Leg., R.S., ch. 76, § 5.95(90), 1995 Tex. Gen. Laws 458, 553, *amended by* Act of May 31, 2009, 81st Leg., R.S., S.B. 1171, § 1 (to be codified as an amendment of TEX. HEALTH & SAFETY CODE § 81.046(a)). In Open Records Decision No. 577 (1990), this office concluded that any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception set out in the statute applies. You state the requested responsive information was gathered or created during an investigation conducted by the district pursuant to the provisions of chapter 81; thus, we agree that section 81.046(b) governs the release of this information. You state that none of the release provisions of section 81.046 are applicable in this instance. Accordingly, based upon your representations and our review of the responsive information, we agree that the district must withhold the requested information under section 552.101 of the Government Code in conjunction with section 81.046 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General at (512) 475-2497.
