OR2009-10772

Dear Ms. Pulis:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 351368.

The City Public Service Board of the City of San Antonio d/b/a CPS Energy ("CPS") received a request for information related to hydrogen gas. You claim that the submitted information is excepted from disclosure under sections 552.104 and 552.133 of the Government Code.<sup>1</sup> You also state, and provide documentation showing, you have notified Air Products and Chemicals, Inc. of the request and of its opportunity to submit comments to this office as to why the requested information should not be released to the requestor.<sup>2</sup> See Gov't Code § 552.305(d); see also Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note that the requestor seeks, among other things, answers to several factual questions. The Act does not require a governmental body to answer factual questions,

<sup>1</sup>Although you also raise section 552.101 of the Government Code, you have not submitted arguments explaining how this exception applies to the submitted information. Therefore, we presume that you have withdrawn this exception. See Gov't Code §§ 552.301, .302.

<sup>2</sup>As of the date of this letter, we have not received comments from the third party.

conduct legal research, or create new information in responding to a request. *See* Open Records Decision Nos. 563 at 8 (1990), 555 at 1-2 (1990). However, a governmental body must make a good faith effort to relate a request to information held by the governmental body. *See* Open Records Decision No. 561 at 8 (1990). We assume CPS has made a good faith effort to do so.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from the requirements of Section 552.021 if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Gov't Code § 552.133(b). Section 552.133(a)(3) defines a "competitive matter" as a utility-related matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *See id.* § 552.133(a)(3). However, section 552.133(a)(3) also provides thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude that section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c).

You inform us that CPS is a public power utility for purposes of section 552.133. In addition, you inform us, and provide documentation showing, that the CPS Energy Board of Trustees (the "board"), as governing body of CPS, passed a resolution by vote pursuant to section 552.133 in which the board defined the information considered to be within the scope of the term "competitive matter." You assert that the submitted records come within the scope of the resolution. The information at issue is not among the thirteen categories of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence that the board failed to act in good faith. *See id.* § 552.133(c). Consequently, we determine that the submitted information relates to

competitive matters in accordance with the submitted resolution. Therefore, CPS must withhold the submitted information pursuant to section 552.133 of the Government Code.<sup>3</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
