Dear Mr. Kelly:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 351314.

The Texas A&M University (the "university") received a request for a specified incident report. You state that the Texas Peace Officer's Crash Report CR-3 has been released pursuant to section 550.065 of the Transportation Code. *See* Transp. Code § 550.065(c)(4) (governmental body must release accident report to a person who provides two of the following three items of information: (1) date of the accident; (2) name of any person involved in the accident; and (3) specific location of the accident). You claim that a portion of the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.130 excepts from disclosure "information [that] relates to: (1) a motor vehicle operator's or driver's license or permit issued by an agency of this state; (2) a motor vehicle title or registration issued by an agency of this state; or (3) a personal identification document issued by an agency of this state or a local agency authorized to issue an identification document." Gov't Code § 552.130(a). We note section 552.130 does not apply to out-of-state motor vehicle record information. A portion of the information you have marked pertains to a vehicle registered out-of-state. With the exception of the information we have

marked for release, the university must withhold the information you have marked pursuant to section 552.130.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
