Dear Ms. Clarke:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 361511.

The Lubbock County Medical Examiner's Office (the "medical examiner") received a request for the entire file of a named individual, including autopsy photographs. You state that the medical examiner will release some of the requested information to the requestor. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we must address the medical examiner's obligations under section 552.301 of the Government Code. Pursuant to section 552.301(b), a governmental body must ask for a decision from this office and state the exceptions that apply not later than the tenth business day after the date of receiving the written request. *See* Gov't Code § 552.301(b). You state that the medical examiner received the present request for information on August 24, 2009. However, you did not request a decision from this office until September 9, 2009. Consequently, the medical examiner failed to comply with the requirements of section 552.301(b) of the Government Code.

Pursuant to section 552.302 of the Government Code, a governmental body's failure to comply with the procedural requirements of section 552.301 results in the legal presumption

that the requested information is public and must be released unless the governmental body demonstrates a compelling reason to withhold the information from disclosure. *See* Gov't Code § 552.302; *City of Dallas v. Abbott*, 279 S.W.3d 806, 811 (Tex. App.—2007, pet. granted); *Simmons v. Kuzmich*, 166 S.W.3d 342, 350 (Tex. App.—Forth Worth 2005, no pet.); *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381-81 (Tex. App.—Austin 1990, no writ); Open Records Decision No. 319 (1982). The presumption that information is public under section 552.302 can generally be overcome by demonstrating that the information is confidential by law or third-party interests are at stake. *See* Open Records Decision Nos. 630 at 3 (1994), 325 at 2 (1982). Because your claim under section 552.101 of the Government Code can provide a compelling reason for non-disclosure, we will consider your argument.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 11 of article 49.25 of the Code of Criminal Procedure, which provides as follows:

The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate The records are subject to required public disclosure in accordance with Chapter 552, Government Code, except that a photograph or x-ray of a body taken during an autopsy is excepted from required public disclosure in accordance with Chapter 552, Government Code, but is subject to disclosure:

- (1) under a subpoena or authority of other law; or
- (2) if the photograph or x-ray is of the body of a person who died while in the custody of law enforcement.

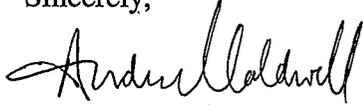

Crim. Proc. Code art. 49.25 § 11. You state that neither of the statutory exceptions to confidentiality is applicable in this instance. Thus, we agree that the medical examiner must withhold the autopsy photographs under section 552.101 of the Government Code in conjunction with section 11 of article 49.25 of the Code of Criminal Procedure.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
