OR2009-14823

Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 358864.

The Texas Department of Transportation ("TxDOT") received a request for the study and maps SWCA Environmental Consultants produced for TxDOT regarding the golden-cheeked warbler habitat. You state some information will be released. You claim that the submitted information is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

You assert the submitted information is excepted from disclosure under section 552.111 of the Government Code. Section 552.111 excepts from public disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. Section 552.111 encompasses the deliberative process privilege. *See* Open Records Decision No. 615 at 2 (1993). The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615, this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v.*

Gilbreath, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined that section 552.111 excepts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. See ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; see also *City of Garland v. The Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body's policy mission. See Open Records Decision No. 631 at 3 (1995). Further, section 552.111 does not protect facts and written observations of facts and events that are severable from advice, opinions, and recommendations. See ORD 615 at 5. But if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, the factual information also may be withheld under section 552.111. See Open Records Decision No. 313 at 3 (1982).

This office has also concluded that a preliminary draft of a document that is intended for public release in its final form necessarily represents the drafter's advice, opinion, and recommendation with regard to the form and content of the final document, so as to be excepted from disclosure under section 552.111. See Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. See *id.* at 2-3. Thus, section 552.111 encompasses the entire contents, including comments, underlining, deletions, and proofreading marks, of a preliminary draft of a policymaking document that will be released to the public in its final form. See *id.* at 2.

Section 552.111 can also encompass communications between a governmental body and a third-party consultant. See Open Records Decision Nos. 631 at 2 (1995) (section 552.111 encompasses information created for governmental body by outside consultant acting at governmental body's request and performing task that is within governmental body's authority), 561 at 9 (1990) (section 552.111 encompasses communications with party with which governmental body has privity of interest or common deliberative process), 462 at 14 (1987) (section 552.111 applies to memoranda prepared by governmental body's consultants). For section 552.111 to apply, the governmental body must identify the third party and explain the nature of its relationship with the governmental body. Section 552.111 is not applicable to a communication between the governmental body and a third party unless the governmental body establishes it has a privity of interest or common deliberative process with the third party. See ORD 561 at 9.

You state the submitted information consists of a preliminary draft document consisting of advice, recommendations, and opinions regarding TxDOT policy that was created by a

consultant and in the process of drafting an environmental analysis for TxDOT. Upon review, we agree the submitted information consists of a draft document generally subject to section 552.111. You do not inform us, however, whether the specific draft document at issue will be released to the public in its final form. Therefore, provided that the submitted draft document will be released to the public in its final form, TxDOT may withhold it under section 552.111 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
