GREG ABBOTT

November 3, 2009

Mr. Kipling D. Giles  
Legal Services Division  
CPS Energy  
P.O. Box 1771

OR2009-15640

Dear Mr. Giles:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 360374.

The City Public Service Board of the City of San Antonio d/b/a CPS Energy ("CPS") received a request for: (1) rates charged to Super Large Power ("SLP") users for July 2009; (2) SLP discount rates; and (3) the applications of all SLP users. You state that CPS will release information responsive to items (1) and (2). You claim that the remainder of the responsive information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of the requested information.<sup>1</sup>

As you note, this office issued a previous determination to CPS in Open Records Letter No. 2001-0184 (2001). That decision authorizes CPS to withhold the following information relating to CPS's retail customers under section 552.133 of the Government Code without the necessity of requesting an attorney general decision: names, addresses, phone numbers,

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

dates of birth, social security numbers, driver's license numbers, places of employment, employers' addresses, employers' phone numbers, family information, roommate information, and dates of connection or service. You inform us that there has been no change in the law, facts, or circumstances on which Open Records Letter No. 2001-0184 was based. Therefore, we agree that CPS may withhold the submitted names, addresses, phone numbers, and driver's license numbers of CPS's retail customers under section 552.133 in accordance with Open Records Letter No. 2001-0184. *See* Gov't Code § 552.301(a); Open Records Decision No. 673 at 7-8 (2001) (delineating elements of second type of previous determination under section 552.301(a)). However, we will address your argument under section 552.133 for the remainder of the submitted information, which is not subject to the previous determination.

Section 552.133 excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from [required public disclosure] if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Gov't Code § 552.133(b). Section 552.133(a)(3) defines a "competitive matter" as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *Id.* § 552.133(a)(3). However, section 552.133(a)(3) also provides thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c).

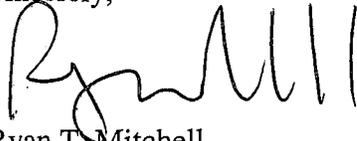

CPS is a public power utility for purposes of section 552.133. You inform us, and provide documentation showing, the CPS Board of Trustees (the "board"), as governing body of CPS, passed a resolution by vote pursuant to section 552.133 in which the board defined the

information considered to be within the scope of the term "competitive matter." You assert the submitted information comes within the scope of specified provisions within the resolution. Upon review, we find that the remaining information at issue is not clearly among the types of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence that CPS failed to act in good faith in adopting its resolution under section 552.133. Therefore, based on CPS's representations and its resolution, we conclude that the remaining information is excepted from disclosure under section 552.133 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
