OR2009-16319

Dear Lt. Ryan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 361684.

The Pharr Police Department (the "department") received a request for the names of officers on duty during a specific time period. You claim that the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure the internal records and notations of law enforcement agencies and prosecutors when release would interfere with law enforcement and crime prevention. Gov't Code § 552.108(b)(1); *see also* Open Records Decision No. 531 at 2 (1989) (quoting *Ex parte Pruitt*, 551 S.W.2d 706, 710 (Tex. 1977)). Section 552.108(b)(1) is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *See City of Ft. Worth v. Cornyn*, 86 S.W.3d 320 (Tex. App.—Austin 2002, no writ). To demonstrate the applicability of section 552.108, a governmental body must explain how and why release of the requested information would interfere with law enforcement and crime prevention. Open Records Decision No. 562 at 10 (1990). This office has concluded section 552.108(b) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (1989) (release of detailed use of force guidelines would unduly interfere with law

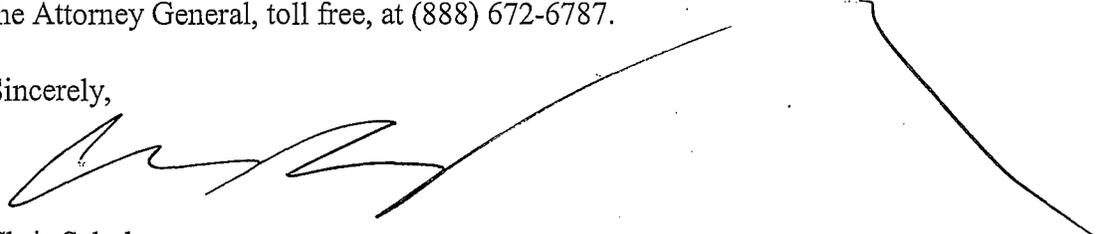

enforcement), 456 at 2 (1987) (release of forms containing information regarding when and where off-duty police officers will be working would unduly interfere with law enforcement), 252 (1980) (section 552.108 is designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted).

You claim that disclosing the submitted patrol schedule, which reveals the names and number of officers scheduled on a particular shift would compromise the department's ability to safely secure the city. You further state that if a staffing shortage is known to the public "the potential for criminals to exploit this weakness would be possible." Based on your arguments and our review of the submitted information, we agree that the department may withhold this information under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Chris Schulz
