Dear Mr. Giles:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 366381.

The City Public Service Board of the City of San Antonio d/b/a CPS Energy ("CPS") received a request for the final contract related to a specified solar project.¹ You claim that the requested information is excepted from disclosure under sections 552.104 and 552.133 of the Government Code. Pursuant to section 552.305 of the Government Code, you also notified Juwi Solar, Inc. ("Juwi"), the interested third party, of the request and of the company's right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (determining that statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception to disclosure under certain circumstances). We have received comments from an attorney on behalf of Juwi. We have considered the claimed exceptions and reviewed the submitted information.

¹CPS sought and received clarification of the information requested. *See* Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); *see also* Open Records Decision No. 31 (1974) (when presented with broad requests for information rather than for specific records, governmental body may advise requestor of types of information available so that request may be properly narrowed).

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from [required public disclosure] if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Gov't Code § 552.133(b). Section 552.133(a)(3) defines a "competitive matter" as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *Id.* § 552.133(a)(3). However, section 552.133(a)(3) also provides thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c).

CPS is a public power utility for purposes of section 552.133. You inform us, and provide documentation showing, the CPS Board of Trustees (the "board"), as governing body of CPS, passed a resolution by vote pursuant to section 552.133 in which the board defined the information considered to be within the scope of the term "competitive matter." You assert the submitted information comes within the scope of specified provisions within the resolution. Upon review, we find that the information at issue is not clearly among the types of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence that CPS failed to act in good faith in adopting its resolution under section 552.133. Therefore, based on CPS's representations and its resolution, we conclude that the submitted information is excepted from disclosure under section 552.133 of the Government Code. As our ruling is dispositive, we do not address the remaining claims.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
