OR2010-02195

Dear Ms. Feutz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 370696.

The Leon Valley Fire Department (the "department") received a request for information pertaining to a specified incident. You state you have released some of the requested information to the requestor. You claim portions of the submitted information are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. You raise section 552.101 in conjunction with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), 42 U.S.C. §§ 1320d-1320d-8, for portions of the submitted information. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. pts.160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under

these standards, a covered entity may not use or disclose protected health information, except as provided by parts 160 and 164 of the Code of Federal Regulations. 45 C.F.R. § 164.502(a).

This office addressed the interplay of the Privacy Rule and the Act in Open Records Decision Number 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides that a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with, and is limited to, the relevant requirements of such law. *See* 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” *See* Open Records Decision No. 681 at 8 (2004); *see also* Gov’t Code §§ 552.002, .003, .021. We, therefore, held that the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. *See Abbott v. Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; *see also* Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make information that is subject to disclosure under the Act confidential, the department may not withhold any portion of the submitted information on this basis.

We note that the submitted information contains emergency medical services (“EMS”) records subject to section 552.101 of the Government Code. Section 552.101 also encompasses section 773.091 of the Health and Safety Code, which provides in part:

Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

Health & Safety Code § 773.091(b). This confidentiality “does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.” *Id.* § 773.091(g). We note that records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information.” *Id.* §§ 773.092(e)(4), 773.093. Among the individuals authorized to act on the patient’s behalf in providing written consent is a “personal representative” if the patient is deceased. *Id.* Section 773.093 provides that a consent for release of EMS records must specify the following: (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. Accordingly, if the requestor provides proper consent, then the department must release the submitted EMS documents, which we have

marked, to the requestor in their entirety. *See id.* §§ 773.092, 773.093; *see also* Open Records Decision No. 632 (1995). If the requestor does not provide the proper authorization, then, with the exception of the information subject to section 773.091(g), the department must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 773.091 of the Health and Safety Code. The remaining information must be released to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
