

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

April 9, 2010

Mr. Vic Ramirez
Associate General Counsel
Lower Colorado River Authority
P.O. Box 220
Austin, Texas 78767-0220

OR2010-05028

Dear Mr. Ramirez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 376801.

The Lower Colorado River Authority (the "authority") received a request for a specified environmental assessment draft used by the authority in evaluating a specified segment of the proposed McCamey D - Kendall - Gillespie Competitive Renewable Energy Zones Transmission Line Project (the "project"). You claim the requested information is excepted from disclosure under sections 552.103, 552.105, 552.111, and 552.137 of the Government Code. We have considered the exceptions you claim and reviewed the submitted representative sample of information.¹ We have also received and considered comments from the requestor. *See* Gov't Code § 552.304 (interested party may submit comments stating why information should or should not be released).

Section 552.111 of the Government Code excepts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

with the agency.” This exception encompasses the deliberative process privilege. *See* Open Records Decision No. 615 at 2 (1993). The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615, this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v. Gilbreath*, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined that section 552.111 excepts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. *See* ORD 615 at 5. A governmental body’s policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; *see also City of Garland v. Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body’s policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body’s policy mission. *See* Open Records Decision No. 631 at 3 (1995).

Further, section 552.111 does not protect facts and written observations of facts and events that are severable from advice, opinions, and recommendations. *See* ORD 615 at 5. But if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, the factual information also may be withheld under section 552.111. *See* Open Records Decision No. 313 at 3 (1982).

This office has also concluded that a preliminary draft of a document that is intended for public release in its final form necessarily represents the drafter’s advice, opinion, and recommendation with regard to the form and content of the final document, so as to be excepted from disclosure under section 552.111. *See* Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. *See id.* at 2-3. Thus, section 552.111 encompasses the entire contents, including comments, underlining, deletions, and proofreading marks, of a preliminary draft of a policymaking document that will be released to the public in its final form. *See id.* at 2.

Section 552.111 can also encompass communications between a governmental body and a third-party consultant. *See* Open Records Decision Nos. 631 at 2 (1995) (section 552.111 encompasses information created for governmental body by outside consultant acting at governmental body’s request and performing task that is within governmental body’s authority), 561 at 9 (1990) (section 552.111 encompasses communications with party with

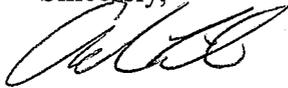

which governmental body has privity of interest or common deliberative process), 462 at 14 (1987) (section 552.111 applies to memoranda prepared by governmental body's consultants). For section 552.111 to apply, the governmental body must identify the third party and explain the nature of its relationship with the governmental body. Section 552.111 is not applicable to a communication between the governmental body and a third party unless the governmental body establishes it has a privity of interest or common deliberative process with the third party. *See* ORD 561 at 9.

You state the submitted information constitutes a preliminary draft of the environmental assessment for the proposed project. You state the authority, through a third party consultant, is still in the initial stages of drafting the environmental assessment. You explain the environmental assessment will become a final document that will be included as part of the authority's Certificate of Convenience and Necessity application filed with the Public Utility Commission (the "commission"). You explain the submitted information also incorporates notes and comments, through the authority's third party consultant, that will become part of the final environmental assessment to be filed with the commission. Further, you state the environmental assessment will be available to the public when it is finalized. Based upon these representations and our review of the information at issue, we agree that the authority may withhold the submitted information in its entirety under section 552.111 of the Government Code. As our ruling is dispositive, we need not address your remaining arguments against disclosure.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Adam Leiber
Assistant Attorney General
Open Records Division
