

ATTORNEY GENERAL OF TEXAS

Ms. Sharon Alexander
Associate General Counsel
Texas Department of Transportation
125 East 11th Street
Austin, Texas 78701

OR2011-07701

Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 419227.

The Texas Department of Transportation (the "department") received a request for the draft environmental assessment for a specified road project and for any internal correspondence concerning a specified topic. You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Initially, we note you have not submitted information responsive to the request for internal correspondence. To the extent such information exists, we presume the department has released it. If not, the department must do so at this time. *See* Gov't Code §§ 552.301, .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes that no exceptions apply to the requested information, it must release the information as soon as possible).

Section 552.111 of the Government Code excepts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. Section 552.111 encompasses the deliberative process privilege. *See* Open Records Decision No. 615 at 2 (1993). The purpose of this

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than those submitted to this office.

exception is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City of San Antonio*, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, no writ); Open Records Decision No. 538 at 1–2 (1990).

In Open Records Decision No. 615, this office re-examined the statutory predecessor to section 552.111 in light of the decision in *Texas Department of Public Safety v. Gilbreath*, 842 S.W.2d 408 (Tex. App.—Austin 1992, no writ). We determined that section 552.111 excepts from disclosure only those internal communications that consist of advice, opinions, recommendations, and other material reflecting the policymaking processes of the governmental body. *See* ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; *see also City of Garland v. Dallas Morning News*, 22 S.W.3d 351 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions do include administrative and personnel matters of broad scope that affect the governmental body's policy mission. *See* Open Records Decision No. 631 at 3 (1995). Further, section 552.111 does not protect facts and written observations of facts and events that are severable from advice, opinions, and recommendations. *See* ORD 615 at 5. But if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, the factual information also may be withheld under section 552.111. *See* Open Records Decision No. 313 at 3 (1982).

This office has also concluded that a preliminary draft of a document that is intended for public release in its final form necessarily represents the drafter's advice, opinion, and recommendation with regard to the form and content of the final document, so as to be excepted from disclosure under section 552.111. *See* Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. *See id.* at 2–3. Thus, section 552.111 encompasses the entire contents, including comments, underlining, deletions, and proofreading marks, of a preliminary draft of a policymaking document that will be released to the public in its final form. *See id.* at 2.

Section 552.111 can also encompass communications between a governmental body and a third-party, including a consultant or other party with a privity of interest. *See* Open Records Decision Nos. 631 at 2 (section 552.111 encompasses information created for governmental body by outside consultant acting at governmental body's request and performing task that is within governmental body's authority), 561 at 9 (1990) (section 552.111 encompasses communications with party with which governmental body has privity of interest or common deliberative process), 462 at 14 (1987) (section 552.111 applies to memoranda prepared by governmental body's consultants). For section 552.111 to apply, the governmental body must identify the third party and explain the nature of its relationship with the governmental

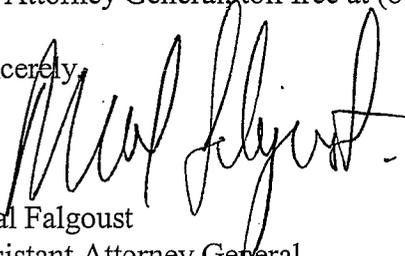

body. Section 552.111 is not applicable to a communication between the governmental body and a third party unless the governmental body establishes it has a privity of interest or common deliberative process with the third party. *See* ORD 561 at 9.

You state the draft document submitted as Exhibit B contains "advice, opinions, and recommendations concerning proposed policies relating to everything from the nature of the proposed project to potential social, economic, and environmental effects." You further state the draft document will be released to the public; however, this document must be approved by the Federal Highway Administration ("FHWA") before it is circulated for public comment. *See* 23 C.F.R. § 771.123. Therefore, you state that during the period before FHWA approval, the department and the FHWA must consult with each other to prepare a document that can be released to the public. Based on these representations and our review of the submitted information, we agree the department may withhold Exhibit B in its entirety under section 552.111 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
