Mr. Hyattye O. Simmons
General Counsel
Dallas Area Rapid Transit

OR2011-12017

Dear Mr. Simmons:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 427944 (DART ORR 8285).

Dallas Area Rapid Transit ("DART") received a request for all bid proposals and related documents, excluding all information submitted by the requestor's company, regarding RFP P-1018585. Although you indicate DART takes no position with respect to the public availability of the submitted bid proposal information, you state its release may implicate the proprietary interests of Journeyman Construction, Inc. ("JCI") and North Texas CNG ("NT-CNG"). Accordingly, you state, and provide documentation showing, DART notified JCI and NT-CNG of the request and of each company's right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (determining statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain the applicability of exception to disclose under Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from JCI or NT-CNG explaining why the submitted information should not be released. Therefore, we have no basis to conclude JCI and NT-CNG have protected proprietary interests in the

information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Consequently, DART may not withhold any of the submitted information on the basis of any proprietary interests JCI or NT-CNG may have in the information.

We note JCI's information contains an insurance policy number. Section 552.136 of the Government Code provides:

(a) In this section, "access device" means a card, plate, code, account number, personal identification number, electronic serial number, mobile identification number, or other telecommunications service, equipment, or instrument identifier or means of account access that alone or in conjunction with another access device may be used to:

(1) obtain money, goods, services, or another thing of value; or

(2) initiate a transfer of funds other than a transfer originated solely by paper instrument.

(b) Notwithstanding any other provision of this chapter, a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.¹

Gov't Code § 552.136. We conclude the insurance policy number we have marked constitutes an access device number for purposes of section 552.136. Thus, DART must withhold the marked insurance policy number under section 552.136 of the Government Code.²

We note some of the remaining information may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the

¹The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

²This office issued Open Records Decision No. 684 (2009), a previous determination to all governmental bodies authorizing them to withhold ten categories of information, including insurance policy numbers under section 552.136 of the Government Code, without the necessity of requesting an attorney general decision.

information. *Id.*; see Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit. Thus, the remaining information must be released in accordance with copyright law.

In summary, DART must withhold the marked insurance policy number under section 552.136 of the Government Code. DART must release the remaining information, but any information protected by copyright must be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
