Dear Ms. Soldatova:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 448461.

The City of College Station (the "city") received a request for a named individual's utility bills during a specified period of time. You claim the requested information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information that is "reasonably related to a competitive matter." Gov't Code § 552.133(b). The Texas Legislature recently amended section 552.133, which now provides in relevant part:

(a) In this section, "public power utility" means an entity providing electric or gas utility services that is subject to the provisions of this chapter.

(a-1) For purposes of this section, "competitive matter" means a utility-related matter that is related to the public power utility's competitive activity, including commercial information, and would, if disclosed, give advantage to competitors or prospective competitors. The term:

(1) means a matter that is reasonably related to the following categories of information:

...

(F) customer billing, contract, and usage information, electric power pricing information, system load characteristics, and electric power marketing analyses and strategies[.]

Id. § 552.133(a), (a-1)(1)(F). Section 552.133(a-1)(2) provides fifteen categories of information that are not competitive matters. *Id.* § 552.133(a-1)(2).

You state College Station Utilities is a municipally-owned electric utility and is a public power utility subject to section 552.133. You inform us the submitted information pertains to customer billing, contract, and usage information, and electric power pricing information. We note the information at issue is not among the fifteen categories of information expressly excluded from the definition of “competitive matter” by section 552.133(a-1)(2). Based on your representations and our review, we find the submitted information relates to competitive matters as defined by section 552.133(a-1). Thus, we conclude the city must withhold the submitted information under section 552.133 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
