Mr. Humberto Aguilera

P.O. Box 200

OR2012-04225

Dear Mr. Aguilera:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 448864.

The San Antonio Independent School District (the "district"), which you represent, received a request for information pertaining to request for proposals number FA-11-007. Although you take no position with respect to the public availability of the submitted information, you state the proprietary interests of certain third parties might be implicated. Accordingly, you notified ACS State & Local Solutions, Inc.; Data Management, Inc.; Empower Software; GHG Corp.; MIRATEK Corp./Qquest; and NOVAtime Technology, Inc.; of the request and of their right to submit arguments to this office explaining why their information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); *see also* Open Records Decision No. 542 (1990) (determining statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in certain circumstances). We have reviewed the submitted information.

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why requested information relating to it should not be released. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from any of the interested third parties. Thus, none of the interested third parties has

demonstrated a protected proprietary interest in any of the submitted information. *See id.* § 552.110(a)-(b); Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the district may not withhold any of the submitted information based on the proprietary interests of the interested third parties.

We note the submitted information contains information subject to section 552.136 of the Government Code.¹ Section 552.136 provides that “[n]otwithstanding any other provision of this chapter, a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.” Gov’t Code § 552.136(b). An access device number is one that may be used to “(1) obtain money, goods, services, or another thing of value; or (2) initiate a transfer of funds other than a transfer originated solely by paper instrument” and includes an account number. *Id.* § 552.136(a). This office has concluded that an insurance policy number is an access device number for purposes of section 552.136. *See* Open Records Decision No. 684 at 9 (2009). Therefore, the district must withhold the insurance policy numbers we have marked under section 552.136 of the Government Code.

We note portions of the submitted information may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. *See* Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *See id.*; Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the district must withhold the insurance policy numbers we have marked under section 552.136 of the Government Code. The district must release the remaining information, but any information protected by copyright must be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and
