Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 490411 (City File No. 235).

The City of Corpus Christi (the "city") received a request for ambulance run records to a specified address during a particular time period. You state the city is providing some responsive information to the requestor. You claim portions of the submitted information are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information made confidential by other statutes, such as section 773.091 of the Health and Safety Code, which provides in relevant part:

- (a) A communication between certified emergency medical services personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or

maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). Except for the information specified in section 773.091(g), emergency medical services (“EMS”) records are deemed confidential under section 773.091. *See id.* Upon review, we find the submitted information constitutes an EMS record that is subject to chapter 773 of the Health and Safety Code. Accordingly, with the exception of information subject to section 773.091(g), which must be released, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
