Dear Ms. Koonce:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 491489.

The Williamson County Sheriff's Office (the "sheriff's office") received a request for information regarding a named individual's medical treatment. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the requestor has excluded social security numbers from the scope of her request. Accordingly, this type of information is not responsive to the present request. This ruling does not address the public availability of non-responsive information, and the sheriff's office need not release it in response to this request.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by other statutes, such as the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides in pertinent part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is

confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). You indicate the submitted information was completed by a jail medical officer under the supervision of the jail physician. Upon review, we find most of the submitted information consists of records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created by a physician or someone under the supervision of a physician. Accordingly, the sheriff's office must withhold this information, which we have marked, under section 552.101 of the Government Code in conjunction with the MPA.¹ However, upon review, we find the remaining information is not subject to the MPA, and the sheriff's office may not withhold the remaining information under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code also encompasses chapter 411 of the Government Code, which makes confidential criminal history record information ("CHRI") generated by the National Crime Information Center or by the Texas Crime Information Center. *See* Gov't Code § 411.083(a). Title 28, part 20 of the Code of Federal Regulations governs the release of CHRI that states obtain from the federal government or other states. Open Records Decision No. 565 (1990). The federal regulations allow each state to follow its individual laws with respect to the CHRI it generates. *See id.* Section 411.083 of the Government Code deems confidential CHRI that the Department of Public Safety ("DPS") maintains, except that DPS may disseminate this information as provided in chapter 411, subchapter F of the Government Code. *See* Gov't Code § 411.083. Sections 411.083(b)(1) and 411.089(a) authorize a criminal justice agency to obtain CHRI; however, a criminal justice agency may not release CHRI except to another criminal justice agency for a criminal justice purpose. *Id.* § 411.089(b)(1). Other entities specified in chapter 411 of the Government Code are entitled to obtain CHRI from DPS or another criminal justice agency;

¹This ruling does not affect an individual's right of access to a patient's medical records from the physician who provided treatment under the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. *See* Occ. Code §§ 159.004-.006; *cf. Abbott v. Tex. State Bd. of Pharmacy*, 391 S.W.3d 253 (Tex. App.—Austin 2012, no pet.) (MPA does not provide patient general right of access to his or her medical records from governmental body responding to request for information under Public Information Act).

however, those entities may not release CHRI except as provided by chapter 411. *See generally id.* §§ 411.090-.127. Thus, any CHRI obtained from DPS or any other criminal justice agency must be withheld under section 552.101 in conjunction with chapter 411, subchapter F of the Government Code. Upon review, we find you have not demonstrated how the remaining information consists of CHRI for purposes of chapter 411 of the Government Code, and the sheriff's office may not withhold it under section 552.101 of the Government Code on that basis.

In summary, the sheriff's office must withhold the information we have marked under section 552.101 of the Government Code in conjunction with the MPA. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
