Ms. Julie Y. Fort  
Attorney for Seis Lagos Utility District

OR2013-18380

Dear Ms. Fort:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 504472.

The Seis Lagos Utility District (the "district"), which you represent, received a request for the water billing for a specified property. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential, such as section 182.052 of the Utilities Code, which provides in part:

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). “Personal information” under section 182.052(a) means an individual’s address, telephone number, or social security number, but does not include the individual’s name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). We note because section 182.052 is intended to protect the safety and privacy of individual customers, this statute is applicable only to information pertaining to natural persons, and does not protect information relating to business, governmental, and other artificial entities. *See* ORD 625 at 4-5 (in context of section 182.051(4) of the Utility Code, “individual” means only natural persons and does not include artificial entities). Water, wastewater, sewer, and garbage services are included in the scope of utility services covered by section 182.052. *See* Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You state the submitted information relates to a customer who has requested their account be kept confidential. In this instance, however, the customer listed in the submitted information is a commercial entity. Therefore, none of the submitted information is confidential under section 182.052 and, thus, the district may not withhold this information under section 552.101 on that basis. As you raise no further exceptions to disclosure, the submitted information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
