Dear Mr. Moore:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 506505.

Texas A&M Transportation Institute ("TTI") received a request for four categories of information pertaining to a Trinity Industries ("Trinity") device. We understand you have released some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 51.914 of the Education Code, which provides, in pertinent part:

(a) In order to protect the actual or potential value, the following information is confidential and is not subject to disclosure under [the Act], or otherwise:

(1) all information relating to a product, device, or process, the application or use of such a product, device, or process, and all technological and scientific information (including computer programs) developed in whole or in part at a state institution of higher

education, regardless of whether patentable or capable of being registered under copyright or trademark laws, that have a potential for being sold, traded, or licensed for a fee; [or]

(2) any information relating to a product, device, or process, the application or use of such product, device, or process, and any technological and scientific information (including computer programs) that is the proprietary information of a person, partnership, corporation, or federal agency that has been disclosed to an institution of higher education solely for the purposes of a written research contract or grant that contains a provision prohibiting the institution of higher education from disclosing such proprietary information to third persons or parties[.]

Educ. Code § 51.914(a)(1)-(2). As noted in Open Records Decision No. 651 (1997), the legislature is silent as to how this office or a court is to determine whether particular scientific information has “a potential for being sold, traded, or licensed for a fee.” Open Records Decision No. 651 at 9-10. Furthermore, whether particular scientific information has such a potential is a question of fact that this office is unable to resolve in the opinion process. *See id.* at 10. Thus, this office has stated that in considering whether requested information has “a potential for being sold, traded, or licensed for a fee,” we will rely on a governmental body’s assertion that the information has this potential. *See id.* However, a governmental body’s determination that information has a potential for being sold, traded, or licensed for a fee is subject to judicial review. *See id.* We note that section 51.914 is not applicable to working titles of experiments or other information that does not reveal the details of the research. *See* Open Records Decision Nos. 557 at 3 (1990), 497 at 6-7 (1988).

You seek to withhold Exhibit B under section 51.914 of the Education Code. You state Exhibit B relates to a product that was developed in part at TTI. You state the product has been licensed by TTI to Trinity for a fee. Based on these representations and our review, we conclude Exhibit B is confidential under section 51.914(a)(1) of the Education Code and must be withheld under section 552.101 of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

¹As our ruling is dispositive, we need not address your remaining argument against disclosure of the submitted information.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,
