

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

November 25, 2013

Mr. Grant Jordan
Assistant City Attorney
City of Fort Worth
1000 Throckmorton Street, Third Floor
Fort Worth, Texas 76102

OR2013-20483

Dear Mr. Jordan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 506826 (P.I.R. No. W028585).

The City of Fort Worth (the "city") received a request for medical documentation and a call report pertaining to a named individual. You state the city released some of the requested information. We understand you redacted the originating telephone number and address of a 9-1-1 caller pursuant to Open Records Letter Nos. 2011-15641 (2011) and 2011-15956 (2011) and the social security number of a living individual under section 552.147(b) of the Government Code in the released information.¹ You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

¹Open Records Letter Nos. 2011-15641 and 2011-15956 are previous determinations issued to the city authorizing the city to withhold the originating telephone numbers and addresses, respectively, of 9-1-1 callers furnished to the city by a service supplier established in accordance with chapter 772 of the Health and Safety Code under section 552.101 of the Government Code in conjunction with section 772.218 of the Health and Safety Code, without requesting a decision from this office. *See* Open Records Decision No. 673 (2001) (listing elements of second type of previous determination under section 552.301(a) of the Government Code). Section 552.147(b) of the Government Code authorizes a governmental body to redact a living person's social security number from public release without the necessity of requesting an attorney general decision under the Act. *See* Gov't Code § 552.147(b).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 of the Government Code encompasses information protected by section 773.091 of the Health and Safety Code, which is applicable to records of the provision of emergency medical services and provides in part:

(b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

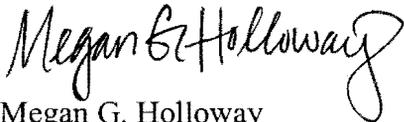

(c) Any person who receives information from confidential communications or records as described by this chapter, other than a person listed in Section 773.092 who is acting on the survivor’s behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was obtained.

Health & Safety Code § 773.091(b)-(c). Although you contend the submitted information is confidential under section 773.091, we note the information at issue pertains to an individual who was deceased when emergency medical services personnel arrived. The term “patient” is not defined for purposes of section 773.091 of the Health and Safety Code. When a word used in a statute is not defined and that word is “connected with and used with reference to a particular trade or subject matter or is used as a word of art, the word shall have the meaning given by experts in the particular trade, subject matter, or art.” Gov’t Code § 312.002; *see also Liberty Mut. Ins. Co. v. Garrison Contractors, Inc.*, 966 S.W.2d 482, 485 (Tex. 1998). Taber’s Cyclopedic Medical Dictionary defines “patient” as “one who is sick with, or being treated for, an illness or injury; [or] . . . an individual receiving medical care.” Taber’s Cyclopedic Medical Dictionary 1446 (17th ed. 1989). Other statutes dealing with medically related professions generally define patient as an individual who consults a health care professional. *See* Health & Safety Code § 611.001 (mental health records); Occ. Code §§ 159.001 (physician records), 201.401 (chiropractic records), 202.401 (podiatric records), 258.101 (dental records). Because the generally accepted medical definition of patient indicates the term refers to a living individual, we find the term does not encompass the submitted information concerning the deceased individual. We therefore conclude the submitted information is not confidential under section 773.091 of the Health and Safety Code and may not be withheld on that basis under section 552.101 of the Government Code. As you raise no other exceptions to disclosure, the submitted information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
