

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

December 6, 2013

Ms. Sharon Alexander
Associate General Counsel
Texas Department of Transportation
125 East 11th Street
Austin, Texas 78701-2483

OR2013-21250

Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 507872.

The Texas Department of Transportation (the "department") received a request for (1) the contact information of an employee authorized to discuss a specified accident; (2) the locations, purpose, date of placement, and date of planned removal of barricades at a specified location; (3) when and who hired a specified construction company; and (4) policies that govern insurance policies. You claim the requested information is excepted from disclosure under sections 552.101 and 552.111 of the Government Code. We have considered the exceptions you claim and reviewed the submitted representative sample information.

Initially, we note you have only submitted Traffic Control Devices Inspection Checklists. Thus, although you state the department has submitted a representative sample of the requested information, we find the submitted information is not representative of all the information to which the requestor seeks access. Please be advised this open records letter ruling applies only to the type of information you have submitted for our review. This ruling does not authorize the department to withhold any type of information that is substantially different from the types of information you submitted to this office. *See* Gov't Code § 552.302 (where request for attorney general decision does not comply with requirements of section 552.301, information at issue is presumed to be public). Therefore, to the extent

any additional responsive information existed when the present request was received, we presume the department has released it. If not, then the department must release any such information immediately. *See id.* §§ 552.221, .301, .302; Open Records Decision No. 664 (2000).

We note the submitted information consists of Traffic Control Devices Inspection Checklists which fall within the scope of section 552.022 of the Government Code. Section 552.022(a)(1) provides for required public disclosure of "a completed report, audit, evaluation, or investigation made of, for, or by a governmental body," unless the information is expressly confidential under the Act or other law or excepted from disclosure under section 552.108 of the Government Code. *See Gov't Code* § 552.022(a)(1). Although you raise section 552.111 of the Government Code, this section does not make information confidential under the Act. *See Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 470 (statutory predecessor to section 552.111 subject to waiver).* Therefore, the department may not withhold the submitted information under section 552.111. However, the department also contends this information is excepted from disclosure under section 409 of title 23 of the United States Code. We note section 409 is "other law" that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state's Public Disclosure Act). Accordingly, we will consider your argument under section 409 for the submitted information.

You contend the Traffic Control Devices Inspection Checklists are excepted from disclosure under section 409 of title 23 of the United States Code. Section 409 provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965

F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce*, 537 U.S. at 129.

You inform us the submitted information pertains to a roadway that is part of the National Highway System under section 103 of title 23 of the United States Code and is therefore a federal-aid highway for the purposes of section 409 of title 23. You explain the submitted information was generated for highway safety purposes. Based on your representations and our review, we conclude the department may withhold the submitted information pursuant to section 409 of title 23 of the United States Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Jennifer Luttrall
Assistant Attorney General
Open Records Division
