Mr. Terry Berg  
Officer for Public Information  
Amarillo College  
P.O. Box 447

OR2013-22230

Dear Mr. Berg:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 509305.

Amarillo College (the "college") received two requests from different requestors for proposals submitted in response to a specified solicitation. You claim the submitted information is excepted from disclosure under sections 552.101, 552.104, and 552.110 of the Government Code. Further, you state release of the submitted information may implicate the proprietary interests of third parties. Accordingly, you indicate you notified Doron Precision Systems, Inc.; D.P. Associates; and Simulator Systems International, of the requests for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the exceptions you claim and reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from any of the third parties explaining why their submitted information should not be released. Therefore, we have no basis to conclude any of the third parties has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661

at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the college may not withhold the submitted information on the basis of any proprietary interest any of these companies may have in the information.

You raise section 552.101 of the Government Code for the submitted information. Section 552.101 excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. However, you have not pointed to any statutory confidentiality provision, nor are we aware of any, that would make any of the submitted information confidential for purposes of section 552.101. *See, e.g.*, Open Records Decision Nos. 611 at 1 (1992) (common-law privacy), 600 at 4 (1992) (constitutional privacy), 478 at 2 (1987) (statutory confidentiality). Therefore, the college may not withhold any of the submitted information under section 552.101 of the Government Code.

You also contend the submitted information is excepted from disclosure under section 552.110 of the Government Code. Section 552.110 protects (1) trade secrets and (2) commercial or financial information the disclosure of which would cause substantial competitive harm to the person from whom the information was obtained. *See* Gov't Code § 552.110(a)-(b). We note section 552.110 protects the interests of private parties that provide information to governmental bodies, not the interests of governmental bodies themselves. *See generally* Open Records Decision No. 592 (1991). Accordingly, we do not consider your arguments under section 552.110 of the Government Code.

Section 552.104 of the Government Code excepts from required public disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104. The purpose of section 552.104 is to protect the purchasing interests of a governmental body in competitive bidding situations where the governmental body wishes to withhold information in order to obtain more favorable offers. *See* ORD 592 (discussing statutory predecessor). Section 552.104 protects information from disclosure if the governmental body demonstrates potential harm to its interests in a particular competitive situation. *See* Open Records Decision No. 463 (1987). Generally, section 552.104 does not except information from disclosure after bidding is completed and the contract has been executed. *See* Open Records Decision No. 541 (1990). However, in Open Records Decision No. 541, this office stated the predecessor to section 552.104 may protect information after bidding is complete if the governmental body demonstrates public disclosure of the information will allow competitors to undercut future bids, and the governmental body solicits bids for the same or similar goods or services on a recurring basis. *See id.* at 5 (recognizing limited situation in which statutory predecessor to section 552.104 continued to protect information submitted by successful bidder when disclosure would allow competitors to accurately estimate and undercut future bids); *see also* Open Records Decision No. 309 (suggesting that such principle will apply when governmental body solicits bids for same or similar goods or services on recurring basis).

In this instance, you explain the college will issue an identical solicitation for the same services in November 2013. Thus, you assert the release of the information at issue diminishes the college's ability to obtain competitive bids in response to the new solicitation. Based on your representations, we find you have demonstrated public release of the information at issue would cause specific harm to the college's interests in a particular competitive situation. Therefore, the college may withhold the information you have indicated under section 552.104 of the Government Code. As you raise no other exceptions to disclosure of the remaining information, the college must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
