Ms. Sharon Alexander  
Associate General Counsel  
Texas Department of Transportation

OR2014-01051

Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 511507.

The Texas Department of Transportation (the "department") received a request for a specified accident investigation. You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code and privileged under section 409 of title 23 of the United States Code. We have considered your arguments and reviewed the submitted representative sample of information.<sup>1</sup>

Initially, we note the submitted information contains a Crash Review Form. This information is subject to section 552.022 of the Government Code. Section 552.022(a)(1) provides for required public disclosure of "a completed report, audit, evaluation, or investigation made of, for, or by a governmental body," unless the information is expressly confidential under the Act or other law or excepted from disclosure under section 552.108 of the Government Code. *See* Gov't Code § 552.022(a)(1). Although you seek to withhold the information subject to subsection 552.022(a)(1) under section 552.111 of the Government Code, section 552.111 is a discretionary exception to disclosure and does not make information confidential under the Act. *See* Open Records Decision Nos. 665 at 2 n.5

---

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(2000) (discretionary exceptions generally), 470 at 7 (1987) (statutory predecessor to section 552.111 subject to waiver). Therefore, the department may not withhold the information at issue under section 552.111. However, you also contend the information at issue is excepted from disclosure under section 409 of title 23 of the United States Code. We note section 409 is "other law" that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state's Public Disclosure Act). Accordingly, we will consider your argument under section 409 for the information at issue. Further, we will consider your argument under section 552.111 for the information not subject to section 552.022.

You contend the information subject to section 552.022 of the Government Code is excepted from disclosure under section 409 of title 23 of the United States Code. Section 409 provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce*, 537 U.S. at 129.

You state the information at issue was created for highway safety purposes. You state the subject roadways are part of the National Highway System under section 103 of title 23 of the United States Code and are, therefore, federal-aid highways for the purposes of section 409 of title 23. Based upon your representations and our review, we conclude the department may withhold the information subject to section 552.022 pursuant to section 409 of title 23 of the United States Code.

Section 552.111 excepts from disclosure "[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]" Gov't

Code § 552.111. You claim the information not subject to section 552.022 of the Government Code is excepted from disclosure under section 552.111 because it would be privileged from discovery under section 409 of title 23 of the United States Code. Upon review, we find section 409 of title 23 of the United States Code would protect the information at issue from discovery in civil litigation. Therefore, based on your representations and our review, we conclude the department may withhold the information not subject to section 552.022 pursuant to section 552.111 of the Government Code.

In summary, the department may withhold the information subject to section 552.022 of the Government Code pursuant to section 409 of title 23 of the United States Code and the information not subject to section 552.022 under section 552.111 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
