

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

January 17, 2014

Ms. Cheryl Elliott Thornton
Assistant County Attorney
Harris County
1019 Congress, 15th Floor
Houston, Texas 77002

OR2014-01126

Dear Ms. Thornton:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 511356 (C.A. File No. 13PIA0576).

The Harris County Institute of Forensic Sciences ("IFS") received a request for a specified laboratory report. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses section 181.006 of the Health and Safety Code, which provides the following:

[F]or a covered entity that is a governmental unit, an individual's protected health information:

- (1) includes any information that reflects that an individual received health care from the covered entity; and
- (2) is not public information and is not subject to disclosure under [the Act].

Health & Safety Code § 181.006. Section 181.001(b)(2)(A) defines "covered entity" to include any person who:

(A) for commercial, financial, or professional gain, monetary fees, or dues, or on a cooperative, nonprofit, or pro bono basis, engages, in whole or in part, and with real or constructive knowledge, in the practice of assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information. The term includes a business associate, health care payer, governmental unit, information or computer management entity, school, health researcher, health care facility, clinic, health care provider, or person who maintains an Internet site;

(B) comes into possession of protected health information;

(C) obtains or stores protected health information under this chapter; or

(D) is an employee, agent, or contractor of a person described by Paragraph (A), (B), or (C) insofar as the employee, agent, or contractor creates, receives, obtains, maintains, uses, or transmits protected health information.

Id. § 181.001(b)(2). You claim IFS is a covered entity for the purposes of section 181.006 of the Health and Safety Code. In order to determine whether IFS is a covered entity for the purposes of section 181.006 of the Health and Safety Code, we must address whether IFS engages in the practice of collecting, analyzing, using, evaluating, storing or transmitting protected health information. Section 181.001 states, “[u]nless otherwise defined in this chapter, each term that is used in this chapter has the meaning assigned by the [Health Insurance Portability and Accountability Act of 1996 (“HIPAA”).” *Id.* § 181.001(a). Accordingly, as chapter 181 does not define “protected health information,” we turn to HIPAA’s definition of the term. HIPAA defines “protected health information” as individually identifiable health information that is transmitted or maintained in electronic media or any other form or medium. *See* 45 C.F.R. § 160.103. HIPAA defines “individually identifiable health information” as information that is a subset of health information, including demographic information collected from an individual, and:

(1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and

(2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and

(i) That identifies the individual; or

(ii) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

Id. Although you claim IFS is a covered entity, you have not explained how the submitted information consists of protected health information. Thus, IFS has not demonstrated the applicability of 181.006 of the Health and Safety Code. Accordingly, IFS may not withhold any of the submitted information under section 552.101 on this basis. As no other exceptions to disclosure have been raised for the submitted information, it must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
