

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

February 28, 2014

Ms. Amy L. Sims  
Assistant City Attorney  
City of Lubbock  
P.O. Box 2000  
Lubbock, Texas 79457

OR2014-03649

Dear Ms. Sims:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 516283 (Ref. No. 869).

The City of Lubbock (the "city") received a request for a specified 9-1-1 call. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information other statutes make confidential. You raise section 552.101 in conjunction with the federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), 42 U.S.C. §§ 1320d-1320d-8. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* HIPAA, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health information,

excepted as provided by parts 160 and 164 of the Code of Federal Regulations. 45 C.F.R. § 164.502(a).

This office has addressed the interplay of the Privacy Rule and the Act. Open Records Decision No. 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. See 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” See ORD 681 at 8; see also Gov’t Code §§ 552.002, .003, .021. We therefore held the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. See *Abbott v Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; see also Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make confidential information that is subject to disclosure under the Act, the city may not withhold any portion of the information at issue on that basis.

Section 552.101 of the Government Code encompasses section 181.006 of the Health and Safety Code, which provides:

[F]or a covered entity that is a governmental unit, an individual’s protected health information:

- (1) includes any information that reflects that an individual received health care from the covered entity; and
- (2) is not public information and is not subject to disclosure under [the Act].

Health & Safety Code § 181.006. Section 181.001(b)(2)(A) defines “covered entity” to include

any person who: for commercial, financial, or professional gain, monetary fees, or dues, or on a cooperative, nonprofit, or pro bono basis, engages, in whole or in part, and with real or constructive knowledge, in the practice of assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information. The term includes a business associate, health care payer, governmental unit, information or computer management entity, school, health researcher, health care facility, clinic, health care provider, or person who maintains an Internet site[.]

*Id.* § 181.001(b)(2)(A). You assert the city is a covered entity for purposes of section 181.006 of the Health and Safety Code. However, in order to determine whether the city is a covered entity, we must address whether the city engages in the practice of “assembling, collecting, analyzing, using, evaluating, storing or transmitting protected health information.” *Id.* Section 181.001 states that “[u]nless otherwise defined in this chapter, each term that is used in this chapter has the meaning assigned by the Health Insurance Portability and Accountability Act and Privacy Standards [“HIPAA”].” *Id.* § 181.001(a). Accordingly, as chapter 181 does not define “protected health information,” we turn to HIPAA’s definition of the term. HIPAA defines “protected health information” as individually identifiable health information that is transmitted or maintained in electronic media or any other form or medium. *See* 45 C.F.R. § 160.103. HIPAA defines “individually identifiable health information” as information that is a subset of health information, including demographic information collected from an individual, and:

- (1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and
- (2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and
  - (i) That identifies the individual; or
  - (ii) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

*Id.* The submitted information consists of a 9-1-1 audio recording of an individual reporting an accident. Although you assert the city is a covered entity, you have not explained how the submitted information consists of protected health information. Thus, the city has not demonstrated the applicability of section 181.006 of the Health and Safety Code. Accordingly, the city may not withhold any of the submitted information under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code also encompasses the Medical Practice Act (“MPA”), subtitle B of title 3 of the Occupations Code, which governs release of medical records. Section 159.002 of the MPA provides, in relevant part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982).* Upon review, we find you have failed to demonstrate any portion of the submitted information consists of a physician-patient communication or a record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that was created or is maintained by a physician. Therefore, no portion of the submitted information may be withheld under section 552.101 in conjunction with the MPA.

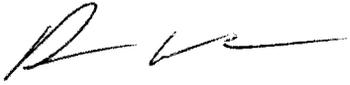

Section 552.101 of the Government Code also encompasses the doctrine of common-law privacy, which protects information that is (1) highly intimate or embarrassing, the publication of which would be highly objectionable to a reasonable person, and (2) not of legitimate concern to the public. *Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To demonstrate the applicability of common-law privacy, both prongs of this test must be satisfied. *Id.* at 681-82. Types of information considered intimate and embarrassing by the Texas Supreme Court are delineated in *Industrial Foundation*. *Id.* at 683. Additionally, this office has concluded some kinds of medical information are generally highly intimate or embarrassing. *See Open Records Decision No. 455 (1987).* Upon review, we find the information we have indicated satisfies the standard articulated by the Texas Supreme Court in *Industrial Foundation*. Accordingly, the city must withhold the information we have indicated under section 552.101 of the Government Code in conjunction with common-law privacy. However, you have failed to demonstrate any portion of the remaining information is highly intimate or embarrassing and of no legitimate public interest. Thus, no portion of the remaining information may be withheld under section 552.101 of the Government Code in conjunction with common-law privacy.

In summary, the city must withhold the information we have indicated under section 552.101 of the Government Code in conjunction with common-law privacy. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
