Ms. Karen Goodman

Burlison, Texas 76028

OR2014-05107

Dear Ms. Goodman:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 519681.

The Burlison Police Department (the "department") received a request for information pertaining to a specified incident. You claim the requested information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note that the information you seek to withhold includes the results of an analysis of a breath specimen. Section 724.018 of the Transportation Code provides that, on the request of the person who has given a specimen at the request of a peace officer, full information concerning the analysis of the specimen must be made available to that person or the person's attorney. Transp. Code § 724.018. As a general rule, the exceptions to disclosure found in the Act do not apply to information that other statutes make public. *See* Open Records Decision Nos. 623 at 3 (1994), 525 at 3 (1989). In this instance, the requestor is the attorney for the person who provided the breath specimen at the request of a peace officer. Therefore, the submitted results of the analysis of the breath specimen must be released to this requestor pursuant to section 724.018 of the Transportation Code.

Section 552.108(a)(1) of the Government Code excepts from disclosure "[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime [if] release of the information would interfere with the detection, investigation, or prosecution of crime[.]" Gov't Code § 552.108(a)(1). A governmental

body claiming section 552.108 must reasonably explain how and why the release of the requested information would interfere with law enforcement. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977). You state that release of the submitted information will interfere with an ongoing criminal prosecution. Based on this representation, we conclude that section 552.108(a)(1) is generally applicable in this instance. *See Houston Chronicle Publ'g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975) (court delineates law enforcement interests that are present in active cases), *writ ref'd n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976).

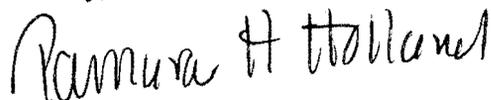

However, section 552.108 does not except from disclosure “basic information about an arrested person, an arrest, or a crime.” *Id.* § 552.108(c). Section 552.108(c) refers to the basic “front-page” information held to be public in *Houston Chronicle*. *See* 531 S.W.2d at 186-187; *see also* Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). Accordingly, with the exception of the basic information, which must be released, the department may withhold the remaining submitted information under section 552.108(a)(1) of the Government Code.

In summary, the department must release the submitted results of the analysis of the breath specimen to this requestor pursuant to section 724.018 of the Transportation Code. With the exception of the basic information, the department may withhold the remaining submitted information under section 552.108(a)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
