OR2014-07242

Dear Mr. Looney:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 524054.

The Woodlands Township (the "township") received a request for the CAD reports for a specified incident and CAD reports for any calls for a specified time period.. You state you will release some of the requested information. You claim the remaining requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 773.091 of the Health and Safety Code, which provides in relevant part:

- (a) A communication between certified emergency medical services personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is

confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091 (a)-(b), (g). Thus, except for the information specified in section 773.091(g), EMS records are deemed confidential under section 773.091 and may be released only in accordance with chapter 773 of the Health and Safety Code. *See id.* §§ 773.091-.094.

You argue the submitted information is subject to chapter 773 of the Health and Safety Code. Upon review, we find the information at issue does not consist of communications between certified emergency medical services personnel providing medical supervision and patients that were made in the course of providing emergency medical services to the patients. *See id.* § 773.091(a). Furthermore, the information at issue does not consist of records of the identity, evaluation, or treatment of patients by emergency medical services personnel providing medical supervision that were created by the emergency medical services personnel or maintained by an emergency medical services provider. *See id.* § 773.091(b). Accordingly, we find section 773.091 does not apply to any portion of the submitted information, and the township may not withhold the information under section 552.101 of the Government Code on that basis. As you raise no other exceptions to disclosure, the township must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Lana L. Freeman
