Dear Ms. Welter:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 521903 (OGC# 154471).

The University of Texas Medical Branch at Galveston (the "university") received a request for information pertaining to a named individual's application to the university's medical school and any reviewer comments regarding the application. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.111 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information protected by other statutes, such as section 161.032 of the Health and Safety Code, which provides, in relevant part,

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

Health & Safety Code § 161.032(a), (c). A “medical committee” is any committee of a university medical school or health science center. *See id.* § 161.031(a)(3). The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Mem’l Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish “documents generated by the committee in order to conduct open and thorough review” are confidential. *Mem’l Hosp.*, 927 S.W.2d at 10; *Jordan*, 701 S.W.2d at 647-48; *Doctor’s Hosp. v. West*, 765 S.W.2d 812, 814 (Tex. App.—Houston [1st Dist.] 1988, no writ). This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.*; *see also* Open Records Decision No. 591 (1991) (construing statutory predecessor to Health & Safety Code § 161.032).

You state the submitted information was created for or considered by the university’s Admissions Committee. You explain the Admissions Committee reviews the applications of students seeking admission to the university’s medical school. You further explain the Admissions Committee is tasked with upholding “the [u]niversity’s mission of providing the best healthcare possible and improving health by educating future physician assistants[.]” Based on these representations and our review, we find the Admissions Committee is a “medical committee” for purposes of subchapter D of chapter 161 of the Health and Safety Code. *See* Health & Safety Code § 161.031(c); *see also Mem’l Hosp.*, 927 S.W.2d at 8 (term “medical committee” is broadly defined). We also agree the information at issue consists of records of a medical committee. Accordingly, we find the submitted information is confidential under section 161.032 of the Health and Safety Code, and the university must withhold it under section 552.101 of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

¹As our ruling is dispositive, we need not address your remaining argument against disclosure of this information.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
