Dear Ms. Wilson:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 521563 (TDI# 147951).

The Texas Department of Insurance (the "department") received a request for information pertaining to a named company's request for utilization review certification or licensure. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Section 4201.154 of the Insurance Code pertains to a utilization review agent (a "URA") and provides the following:

(a) A [URA's] written screening criteria and review procedures shall be made available for:

(1) review and inspection to determine appropriateness and compliance as considered necessary by the commissioner; and

(2) copying as necessary for the commissioner to accomplish the commissioner's duties under this code.

(b) Any information obtained or acquired under the authority of this section, Section 4201.153, and *this chapter* is confidential and privileged and is not subject to [the Act], or to subpoena except to the extent necessary for the commission to enforce this chapter.

Ins. Code § 4201.154 (emphasis added). We note a URA applicant must meet all of the requirements of chapter 4201 and all applicable rules adopted by the Commissioner of Insurance to receive a certificate of registration to conduct a utilization review. *See id.* § 4201.102(a); *see also* 28 T.A.C. §§ 19.1701-19.1719 (rules for URAs). You state the URA filing is obtained under the authority of chapter 4201. Thus, based on the department's representation the URA filing was acquired by the department under the authority of chapter 4201, we find the filing is confidential in its entirety under section 4201.154(b). *See* Ins. Code § 4201.104 (commissioner shall promulgate forms including enumerated categories of information for certification); 28 T.A.C § 19.1704 (setting out requirements for certification application and attachments to application). Therefore, the department must withhold the URA filing in its entirety under section 552.101 of the Government Code in conjunction with section 4201.154(b) of the Insurance Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
