Dear Mr. Moore:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 526108.

The City of The Colony (the "city"), which you represent, received a request for a copy of all 9-1-1 calls, police responses, and medical responses concerning a specific location. You state you have released some information. You claim the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See* Gov't Code § 552.130. Upon review, we find the submitted information contains a motor vehicle identification number subject to section 552.130 of the Government Code. You assert the city does not have the technological ability to redact the motor vehicle record information from the audio recording. However, because the city has the ability to copy the audio recording in order to submit it for our review, we believe the city has the capacity to produce a copy of the audio recording without the motor vehicle record information at issue. Therefore, we conclude the city must withhold the motor vehicle identification number contained in the submitted information

under section 552.130 of the Government Code. As you raise no further exceptions to disclosure, the remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
