Ms. Ana Vieira
Attorney and Public Information Coordinator
Office of General Counsel
The University of Texas System
201 West Seventh Street
Austin, Texas 78701-2902

OR2014-13814

Dear Ms. Vieira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 532173 (UT OGC# 156134).

The University of Texas Southwestern Medical Center (the "university") received a request for computer logon reports for five specified employees over a specified time period, a copy of card reader swipes for the same employees over the same period, all requests for disciplinary review forms presented by a specified individual and related to a specified employee, all written warnings related to a specified employee, and all documents associated with the separation of the specified employee generated by five specified individuals. You claim the submitted information is excepted from disclosure under section 552.103 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Initially, we note some of the submitted information is subject to section 552.022(a)(1) of the Government Code. Pursuant to section 552.022(a)(1), completed investigations, reports, and evaluations are expressly public unless they are either excepted under section 552.108 of the Government Code or confidential under the Act or other law. Gov't Code

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

§ 552.022(a)(1). Although you raise section 552.103 of the Government Code for this information, section 552.103 is a discretionary exception to disclosure and does not make information confidential under the Act. *See id.* § 552.007; *Dallas Area Rapid Transit v. Dallas Morning News*, 4 S.W.3d 469, 475-76 (Tex. App.—Dallas 1999, no pet.) (governmental body may waive section 552.103); Open Records Decision Nos. 665 at 2 n.5 (discretionary exceptions generally), 663 (1999) (governmental body may waive section 552.103). As such, section 552.103 does not make information confidential for the purposes of section 552.022. Therefore, the university may not withhold this information, which we have marked, under section 552.103 of the Government Code. As you raise no further exceptions to disclosure of this information, it must be released.

Next, we will address your argument under section 552.103 of the Government Code for the remaining information, which is not subject to section 552.022(a)(1) of the Government Code. Section 552.103 of the Government Code provides in part:

(a) Information is excepted from [required public disclosure] if it is information relating to litigation of a civil or criminal nature to which the state or a political subdivision is or may be a party or to which an officer or employee of the state or a political subdivision, as a consequence of the person's office or employment, is or may be a party.

...

(c) Information relating to litigation involving a governmental body or an officer or employee of a governmental body is excepted from disclosure under Subsection (a) only if the litigation is pending or reasonably anticipated on the date that the requestor applies to the officer for public information for access to or duplication of the information.

Gov't Code § 552.103(a), (c). A governmental body that claims an exception to disclosure under section 552.103 has the burden of providing relevant facts and documentation sufficient to establish the applicability of this exception to the information at issue. To meet this burden, the governmental body must demonstrate that (1) litigation was pending or reasonably anticipated on the date of its receipt of the request for information and (2) the information at issue is related to the pending or anticipated litigation. *See Univ. of Tex. Law Sch. v. Tex. Legal Found.*, 958 S.W.2d 479 (Tex. App.—Austin 1997, orig. proceeding); *Heard v. Houston Post Co.*, 684 S.W.2d 210 (Tex. App.—Houston [1st Dist.] 1984, writ ref'd n.r.e.). Both elements of the test must be met in order for information to be excepted from disclosure under section 552.103. *See* Open Records Decision No. 551 at 4 (1990).

You state, and have provided a pleading demonstrating, that a lawsuit styled *Gloria Walker v. UT Southwestern Medical Center*, DC-14-02052, was filed in a Dallas County District Court prior to the university's receipt of this request for information. Based on our review of the pleading and the remaining information, we find the remaining information is related

to litigation that was pending when the request for information was received. We therefore conclude the university may withhold the remaining information under section 552.103 of the Government Code.

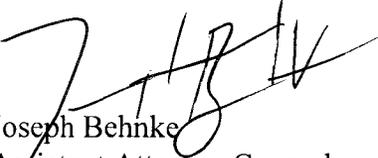

However, once information has been obtained by all parties to the litigation through discovery or otherwise, no section 552.103(a) interest exists with respect to that information. *See* Open Records Decision Nos. 349 (1982), 320 (1982). Thus, information that has either been obtained from or provided to all parties to the pending litigation is not excepted from disclosure under section 552.103(a) and must be disclosed. Further, the applicability of section 552.103(a) ends once the litigation has been concluded. *See* Attorney General Opinion MW-575 (1982); *see also* Open Records Decision No. 350 (1982).

In summary, the university must release the information we have marked under section 552.022(a)(1) of the Government Code. The university may withhold the remaining information under section 552.103 of the Government Code until litigation has concluded.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
