

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

August 18, 2014

Ms. Kristi Ward  
Public Information Officer  
UMC Health System  
602 Indiana Avenue  
Lubbock, Texas 79415

OR2014-14405

Dear Ms. Ward:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 533334.

The Lubbock County Hospital District d/b/a University Medical Center (the "center") received a request for the proposals and resulting contracts pertaining to four specified requests for proposals.<sup>1</sup> You state the center does not have some of the requested information.<sup>2</sup> Although you take no position with respect to the public availability of the submitted information, you state its release may implicate the proprietary interests of certain third parties, namely: HCI Group, CSI Healthcare IT, Cerner Corporation, maxIT Healthcare, Morgan Hunter Healthcare, Allscripts Healthcare LLC, and 3M Health

---

<sup>1</sup>We note the center sent the requestor an estimate of charges pursuant to section 552.2615 of the Government Code. *See* Gov't Code § 552.2615. The estimate of charges required the requestor to provide a deposit for payment of anticipated costs under section 552.263 of the Government Code. *See id.* § 552.263(a). You inform us the center received the required deposit on May 28, 2014. *See id.* § 552.263(e) (if governmental body requires deposit or bond for anticipated costs pursuant to section 552.263, request for information is considered to have been received on date governmental body receives bond or deposit).

<sup>2</sup>The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

Information Systems ("3M"). Accordingly, you state and provide documentation showing, you have notified these third parties of the request for information and of their right to submit arguments to this office as to why the requested information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permitted governmental body to rely on interested third party to raise and explain applicability of exception to disclosure under the circumstances). We have received comments from 3M. We have considered the submitted arguments and reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have only received comments from 3M explaining why the submitted information should not be released. Therefore, we have no basis to conclude any of the remaining third parties have a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the center may not withhold the submitted information on the basis of any proprietary interests the remaining third parties may have in the information.

3M contends portions of its information are excepted<sup>b</sup> from disclosure under section 552.110(b) of the Government Code. Section 552.110(b) protects "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained[.]" Gov't Code § 552.110(b). This exception to disclosure requires a specific factual or evidentiary showing, not conclusory or generalized allegations, that substantial competitive injury would likely result from release of the information at issue. *Id.*; *see also* Open Records Decision No. 661 at 5 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm).

3M asserts some of its information is commercial or financial information, the release of which would cause substantial competitive harm to the company. We note the pricing information of a winning bidder is generally not excepted under section 552.110(b), and this office considers the prices charged in government contract awards to be a matter of strong public interest. *See* Open Records Decision No. 514 (1988) (public has interest in knowing prices charged by government contractors). *See generally* Dep't of Justice Guide to the Freedom of Information Act 344-45 (2009) (federal cases applying analogous Freedom of

Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). Upon review, we find 3M has not made the specific factual or evidentiary showing release of its information at issue would cause the company substantial competitive harm. *See* Open Records Decision Nos. 661, 509 at 5 (1988) (because costs, bid specifications, and circumstances would change for future contracts, assertion that release of bid proposal might give competitor unfair advantage on future contracts is too speculative), 319 at 3 (information relating to organization and personnel, professional references, market studies, qualifications, and pricing are not ordinarily excepted from disclosure under statutory predecessor to section 552.110), 175 at 4 (1977) (résumés cannot be said to fall within any exception to the Act). Thus, the center may not withhold any of 3M's information under section 552.110(b) of the Government Code.

Section 552.136 of the Government Code provides, “[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.”<sup>3</sup> *Id.* § 552.136(b); *see id.* § 552.136(a) (defining “access device”). This office has determined insurance policy numbers are access device numbers for purposes of section 552.136. Upon review, the center must withhold the insurance policy numbers in the submitted information under section 552.136 of the Government Code.

3M contends, and we agree, some of its information may be protected by copyright. Additionally, we note some of the remaining third-party information may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the center must withhold the insurance policy numbers contained in the submitted information under section 552.136 of the Government Code. The remaining information must be released, but any information subject to copyright may only be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

---

<sup>3</sup>The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body. *See* Open Records Decision No. 481 (1987), 480 (1987), 470 (1987).

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
