

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

September 25, 2014

Ms. Jessica D. Richard  
Assistant City Attorney  
City of New Braunfels  
424 South Castell Avenue  
New Braunfels, Texas 78130

OR2014-17072

Dear Ms. Richard:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 542744.

The New Braunfels Police Department (the "department") received a request for the breathalyzer results and audio and video recordings related to case number 14-38083. You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the requestor seeks only the breathalyzer results and audio and video recordings related to case number 14-38083. You have submitted documents that contain information beyond these specific pieces of information. Thus, the portions of the submitted documents that do not consist of the information requested are not responsive to the present request. This ruling does not address the public availability of any information that is not responsive to the request and the department is not required to release that information in response to the request.

Initially, we note the responsive information you seek to withhold includes the results of an analysis of a breath specimen. Section 724.018 of the Transportation Code provides that, on the request of the person who has given a specimen at the request of a peace officer, full information concerning the analysis of the specimen must be made available to that person or the person's attorney. Transp. Code § 724.018. As a general rule, the exceptions to disclosure found in the Act do not apply to information that other statutes make public. *See* Open Records Decision Nos. 623 at 3 (1994), 525 at 3 (1989). In this instance, the

requestor is the person who provided the breath specimen at the request of a peace officer. Therefore, the submitted results of the analysis of the breath specimen must be released to this requestor pursuant to section 724.018 of the Transportation Code.

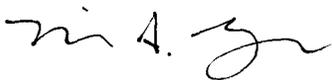

Section 552.108(a)(1) of the Government Code excepts from disclosure “[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime . . . if . . . release of the information would interfere with the detection, investigation, or prosecution of crime[.]” Gov’t Code § 552.108(a)(1). A governmental body claiming section 552.108(a)(1) must reasonably explain how and why this exception is applicable to the information at issue. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977). You state the remaining responsive information relates to a criminal case that is pending criminal investigation. Based upon your representation, we conclude release of the information at issue will interfere with the detection, investigation, or prosecution of crime. *See Houston Chronicle Publ’g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975) (court delineates law enforcement interests that are present in active cases), *writ ref’d n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976). Accordingly, we find the department may withhold the remaining responsive information under section 552.108(a)(1) of the Government Code.

In summary, the department must release the submitted results of the analysis of the breath specimen to the requestor pursuant to section 724.018 of the Transportation Code. The department may withhold the remaining responsive information under section 552.108(a)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Nicholas A. Ybarra
