Dear Ms. Cost:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 540470 (DPS PIR No. 14-3233, 14-3282).

The Texas Department of Public Safety (the "department") received two requests from different requestors for all "Border Operations Sector Assessment" reports for specified time periods. The department claims the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception the department claims and reviewed the submitted representative sample of information.¹

Section 552.108(b)(1) of the Government Code excepts from disclosure "[a]n internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution . . . if . . . release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1); *see City of Fort Worth v. Cornyn*, 86 S.W.3d at 327 (Gov't Code § 552.108(b)(1) protects information that, if released, would permit private citizens to anticipate weaknesses in police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate state laws). The statutory predecessor to section 552.108(b)(1) protected information that would reveal law enforcement techniques. *See, e.g.,* Open Records Decision Nos. 531 (1989) (detailed use of force guidelines), 456 (1987) (information regarding location of off-duty police officers), 413

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(1984) (sketch showing security measures to be used at next execution). The statutory predecessor to section 552.108(b)(1) was not applicable to generally known policies and procedures. *See, e.g.*, Open Records Decision Nos. 531 at 2-3 (Penal Code provisions, common-law rules, and constitutional limitations on use of force not protected), 252 at 3 (1980) (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known).

The department explains the reports at issue detail law enforcement tactics and techniques that could impact law enforcement safety, as well as tactics used by criminal actors to avoid detection. The department states revealing the submitted information would provide wrong-doers, drug traffickers, terrorists, and other criminals with invaluable information concerning the efforts of law enforcement to detect and prevent criminal activity on the border and harm border security efforts. Upon review, we find the department has demonstrated release of the submitted information would interfere with law enforcement. Thus, the department may withhold the submitted information under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
