Ms. Heather Silver
Assistant City Attorney
City of Dallas
1500 Marilla Street, Room 7DN
Dallas, Texas 75201

OR2015-01354

Dear Ms. Silver:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 549571.

The City of Dallas (the "city") received a request for all 311/code compliance complaints, questions, and comments concerning Ebola, spanning from September 1 through the present date. You state you will release some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information other statutes make confidential, such as section 81.046 of the Health and Safety Code, which provides in pertinent part:

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

Health & Safety Code § 81.046(a), (b). You assert the information at issue consists of records and information relating to cases and suspected cases of Ebola. We understand none of the release provisions of section 81.046 are applicable. Based on your representations and our review, we determine the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 81.046(b) of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
