Dear Mr. Thornton:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 559228 (ORR# 15PIA057).

The Montgomery County Sheriff's Office (the "sheriff's office") received a request for information pertaining to a specified arrest. You claim the requested information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the submitted information contains a CR-3 accident report form. Section 550.065(b) of the Transportation Code states that except as provided by subsection (c) or (e), accident reports are privileged and for the confidential use of certain specified entities. Transp. Code § 550.065(b). The submitted CR-3 crash report was completed pursuant to chapter 550 of the Transportation Code. *See id.* § 550.064 (officer's accident report). Section 550.065(c)(4) provides for the release of accident reports to a person who provides two of the following three pieces of information: (1) the date of the accident; (2) the name of any person involved in the accident; and (3) the specific location of the accident. *Id.* § 550.065(c)(4). Under this provision, a governmental entity is required to release a copy of an accident report to a person who provides two or more pieces of information specified by the statute. *Id.*

In this instance, the requestor has provided the sheriff's office with the requisite information for the CR-3 accident report. Although you seek to withhold this information under section 552.108 of the Government Code, we note information that is specifically made public by statute may not be withheld from the public under the general exceptions to public disclosure under the Act. *See, e.g.*, Open Records Decision Nos. 544 (1990), 378 (1983), 161 (1977), 146 (1976). Accordingly, the sheriff's office must release the CR-3 accident report in its entirety to the requestor pursuant to section 550.065(c)(4) of the Transportation Code.

Next, we note the submitted information includes the breath test results of an individual's blood alcohol content. Section 724.018 of the Transportation Code provides that "[o]n request of the person who has given a specimen at the request of a peace officer, full information concerning the analysis of the specimen shall be made available to the person or the person's attorney." Transp. Code § 724.018. The requestor is the person who provided the specimen at the request of a peace officer. Although you claim the information is excepted from disclosure under section 552.108 of the Government Code, a specific right of access provision prevails over the Act's general exceptions to disclosure. *See* Open Records Decision No. 451 at 4 (1986) (specific statutory right of access provisions overcome general exceptions to disclosure under statutory predecessor to Act). Therefore, the sheriff's office must release the intoxilyzer results, which we have marked, pursuant to section 724.018 of the Transportation Code.

Section 552.108(a)(1) of the Government Code excepts from disclosure "[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime . . . if . . . release of the information would interfere with the detection, investigation, or prosecution of crime[.]" Gov't Code § 552.108(a)(1). A governmental body claiming section 552.108(a)(1) must reasonably explain how and why the release of the requested information would interfere with law enforcement. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977).

You state the submitted information relates to an active criminal case and pending prosecution. Generally, the release of information pertaining to an open case is presumed to interfere with the criminal investigation and prosecution. *See Houston Chronicle Publ'g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975) (court delineates law enforcement interests that are present in active cases), *writ ref'd n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976). We note, however, the information at issue includes a DIC-24 statutory warning. The statutory warning has previously been provided to the arrestee. Because a copy of this document has previously been released to the arrestee, we find you have not shown how release of the document will interfere with the detection, investigation, or prosecution of crime. *See* Gov't Code § 552.108(a)(1). As the remaining information at issue has not been previously released, we find the sheriff's office has demonstrated release of this information would interfere with the detection, investigation, or prosecution of crime.

Additionally, section 552.108 does not except from disclosure "basic information about an arrested person, an arrest, or a crime." *Id.* § 552.108(c). Section 552.108(c) refers to the basic "front-page" information held to be public in *Houston Chronicle*. See 531 S.W.2d at 186-187; see also Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). Accordingly, with the exception of the DIC-24 form and basic information, which must be released, the department may withhold the remaining submitted information under section 552.108(a)(1) of the Government Code.

In summary, the sheriff's office must release the submitted CR-3 accident report under section 550.065(c) of the Transportation Code and the intoxilyzer results, which we have marked, pursuant to section 724.018 of the Transportation Code. With the exception of the DIC-24 form and basic information, which must be released, the sheriff's office may withhold the remaining submitted information under section 552.108(a)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
