Ms. Sarah Parker  
Associate General Counsel  
Texas Department of Transportation

OR2015-07383

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 565651.

The Texas Department of Transportation (the "department") received a request for information regarding a specified project on a specified roadway during a specified time period. You state the department is releasing some information to the requestor. You also state the department does not have information responsive to portions of the request.<sup>1</sup> You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code and privileged under section 409 of title 23 of the United States Code. We have considered the submitted arguments and reviewed the submitted representative sample of information.<sup>2</sup>

---

<sup>1</sup>The Act does not require a governmental body to release information that did not exist when it received a request or to create responsive information. See *Economic Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 555 at 1 (1990), 452 at 3 (1986), 362 at 2 (1983).

<sup>2</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Initially, we note the information at issue is subject to section 552.022 of the Government Code. Section 552.022(a)(1) provides for required public disclosure of “a completed report, audit, evaluation, or investigation made of, for, or by a governmental body,” unless the information is expressly confidential under the Act or other law or excepted from disclosure under section 552.108 of the Government Code. *See* Gov’t Code § 552.022(a)(1). The department seeks to withhold the submitted information under section 552.111 of the Government Code. However, section 552.111 is a discretionary exception to disclosure and does not make information confidential under the Act. *See id.* § 552.007; Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 470 at 7 (1987) (statutory predecessor to Gov’t Code § 552.111 subject to waiver). Therefore, the department may not withhold any of the submitted information under section 552.111. The department also raises section 409 of title 23 of the United States Code for the submitted information. Section 409 is “other law” that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state’s Public Disclosure Act). Accordingly, we will consider your argument under section 409 of title 23 of the United States Code for the submitted information.

Section 409 of title 23 of the United States Code provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of 23 U.S.C. § 409, relied on by county in denying request under state’s Public Disclosure Act).

You state “the subject roadway at issue in the requested documents is part of the National Highway System under Section 103 of Title 23 of the United States Code and therefore is a federal-aid highway within the meaning of Section 409 of Title 23 of the United States Code.” You explain the information at issue was compiled for the purpose of identifying and evaluating hazards on public roads and is used to evaluate the safety of signs, signals, barricades, pavement markings, and other traffic control devices. Based upon your representations and our review of the information at issue, we conclude the department may withhold the submitted information pursuant to section 409 of title 23 of the United States Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
