Deputy City Attorney
City of Lubbock

Dear Ms. Sims:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 564105 (City of Lubbock File No. 1116).

The Lubbock Police Department (the "department") received a request for police reports, response records, witness statements, photographs, videos, crime reports, arrest records, or information related to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 provides information that "relates to a motor vehicle accident reported under [chapter 550]" is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. Transp. Code § 550.065(a)-(b). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator's accident report), .062 (officer's accident report). A governmental entity may release information related to a reported accident only in accordance with subsections (c) and (e). *Id.* § 550.065(c), (e). Section 550.065(c)(4)

provides a governmental entity shall release such information to a person who provides two of the following three pieces of information: (1) the date of the accident, (2) the name of any person involved in the accident, and (3) the specific address or the highway or street where the accident occurred. *Id.* § 550.065(c)(4).

In *City of San Antonio v. Abbott*, the court of appeals considered the applicability of section 550.065 to certain information related to an accident. 432 S.W.3d 429 (Tex. App.—Austin 2014, pet. denied). The information at issue consisted of call-for-service and dispatch logs, and the requestor did not provide the requisite information pursuant to section 550.065(c)(4) to obtain the logs. The city argued the plain meaning of the phrase, “information that . . . relates to a motor vehicle accident” in section 550.065 includes *any* information pertaining to an accident reported under chapter 550, and thus, encompasses the information in its logs. Thus, the city contended the logs are confidential because the information relates to motor vehicle accidents reported under chapter 550. The court of appeals agreed with the city’s interpretation of section 550.065. The court held the phrase “relates to” is “very broad” and the Legislature’s use of the phrase “has the effect of broadening the scope of [s]ection 550.065 to render more than the actual accident reports confidential.” *Id.* at 432. Because the court found the language in section 550.065 to be unambiguous and encompass more than the actual accident report required to be filed under chapter 550, it concluded the city’s call-for-service and dispatch logs are confidential under section 550.065(b) of the Transportation Code. Relying on the court’s interpretation of the broad scope of section 550.065, we construe the converse to be true when the requestor does provide the requisite information pursuant to section 550.065(c)(4). Thus based on the court’s rationale, when a person provides two of the required pieces of information to a governmental entity, it must release any information that relates to a motor vehicle accident required to be reported under chapter 550. Such a release is not limited to the accident report itself. *Id.* at 433.

Here, the requested information relates to a motor vehicle accident required to be reported under chapter 550 because it resulted in injury to a person and the requestor has provided the department with the requisite information. The department asserts some of the submitted information is subject to section 552.101 of the Government Code in conjunction with the common-law informer’s privilege.¹ However, when a statute directly conflicts with a common-law principle or claim, the statutory provision controls and preempts common-law. *See CenterPoint Energy Houston Elec. LLC v. Harris County Toll Rd.*, 436 F.3d 541, 544 (5th Cir. 2006) (common law controls only where there is no conflicting or controlling statutory law); *Collins v. Tex Mall, L.P.*, 297 S.W.3d 409, 415 (Tex. App.—Fort Worth 2009, no pet.) (statutory provision controls and preempts common-law only when the statute directly conflicts with common law principle). Thus, the department may not

¹Section 552.101 of the Government Code encompasses information protected by the common-law informer’s privilege, which has long been recognized by Texas courts. *See Aguilar v. State*, 444 S.W.2d 935, 937 (Tex. Crim. App. 1969); *Hawthorne v. State*, 10 S.W.2d 724, 725 (Tex. Crim. App. 1928).

withhold the submitted information under section 552.101 of the Government Code in conjunction with the common-law informer's privilege. Accordingly, the department must release the submitted information to the requestor pursuant to section 550.065(c)(4).²
