Texas Department of Transportation

OR2015-10906

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 566181.

The Texas Department of Transportation (the "department") received a request for certain correspondence addressing sections 5 and 6 of State Highway 130 during a specified time period and any department reports on maintenance or pavement conditions of sections 5 and 6 of State Highway 130 during the same time period.¹ You state the department has no information responsive to a portion of the request.² You claim the

¹You state the department sought and received clarification of the request for information. *See* Gov't Code §552.222(b) (stating that if information requested is unclear to governmental body or if a large amount of information has been requested, governmental body may ask requestor to clarify or narrow request, but may not inquire into purpose for which information will be used).

²The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

submitted information is excepted from disclosure under section 552.111 of the Government Code and privileged under section 409 of title 23 of the United States Code. We have considered your arguments and reviewed the submitted representative sample of information.³

We note some of the submitted information consists of a completed report that is subject to section 552.022 of the Government Code. Section 552.022(a)(1) provides for required public disclosure of “a completed report, audit, evaluation, or investigation made of, for, or by a governmental body,” unless the information is expressly confidential under the Act or other law or excepted from disclosure under section 552.108 of the Government Code. *See Gov’t Code § 552.022(a)(1)*. The department seeks to withhold the completed report under section 552.111 of the Government Code. However, section 552.111 is a discretionary exception to disclosure and does not make information confidential under the Act. *See id.* § 552.007; Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 470 at 7 (1987) (statutory predecessor to Gov’t Code § 552.111 subject to waiver). Therefore, the department may not withhold the completed report under section 552.111. However, the department also contends this information is excepted from disclosure under section 409 of title 23 of the United States Code. We note section 409 is “other law” that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state’s Public Disclosure Act). Accordingly, we will consider your argument under section 409 for the information at issue. We will also consider your argument under section 552.111 of the Government Code for the information not subject to section 552.022.

Section 409 of title 23 of the United States Code provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at

³We assume the “representative sample” of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce*, 537 U.S. at 129.

You state the subject roadway is part of the National Highway System under section 103 of title 23 of the United States Code and is, therefore, a federal-aid highway for the purpose of section 409 of title 23. You explain the submitted information was collected and compiled by the department for highway safety purposes. You contend the submitted information would be privileged from discovery in civil litigation under section 409. Based upon your representations and our review, we conclude the department may withhold the information subject to section 552.022(a)(1) pursuant to section 409 of title 23 of the United States Code.

Section 552.111 of the Government Code excepts from disclosure “[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]” Gov’t Code § 552.111. You claim the remaining information is excepted from disclosure under section 552.111 because it would be privileged from discovery under section 409 of title 23 of the United States Code. Upon review, we find section 409 of title 23 of the United States Code would protect the remaining information from discovery in civil litigation. Therefore, based on your representations and our review, we conclude the department may withhold the remaining information under section 552.111 of the Government Code.

In summary, the department may withhold the completed report subject to section 552.022(a)(1) of the Government Code pursuant to section 409 of title 23 of the United States Code. The department may withhold the remaining information under section 552.111 of the Government Code.
