

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

June 4, 2015

Ms. Natasha Brooks
Assistant City Attorney
City of Midland
P.O. Box 1152
Midland, Texas 79701

OR2015-10996

Dear Ms. Brooks:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 565998 (Midland ID# 16291).

The Midland Police Department (the "department") received a request for information regarding a specified accident. You state the department has released some information to the requestor. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 provides information that "relates to a motor vehicle accident reported under [chapter 550]" is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. Transp. Code § 550.065(a)-(b). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator's accident report), .062 (officer's accident report). A governmental entity may release information related to a reported accident only in accordance with subsections (c) and (e). *Id.* § 550.065(c), (e). Section 550.065(c)(4) provides a governmental entity shall release such information to a person who provides two

of the following three pieces of information: (1) the date of the accident, (2) the name of any person involved in the accident, and (3) the specific address or the highway or street where the accident occurred. *Id.* § 550.065(c)(4).

In *City of San Antonio v. Abbott*, the court of appeals considered the applicability of section 550.065 to certain information related to an accident. 432 S.W.3d 429 (Tex. App.—Austin 2014, pet. denied). The information at issue consisted of call-for-service and dispatch logs, and the requestor did not provide the requisite information pursuant to section 550.065(c)(4) to obtain the logs. The city argued the plain meaning of the phrase, “information that . . . relates to a motor vehicle accident” in section 550.065 includes *any* information pertaining to an accident reported under chapter 550, and thus, encompasses the information in its logs. Thus, the city contended the logs are confidential because the information relates to motor vehicle accidents reported under chapter 550. The court of appeals agreed with the city’s interpretation of section 550.065. The court held the phrase “relates to” is “very broad” and the Legislature’s use of the phrase “has the effect of broadening the scope of [s]ection 550.065 to render more than the actual accident reports confidential.” *Id.* at 432. Because the court found the language in section 550.065 to be unambiguous and encompass more than the actual accident report required to be filed under chapter 550, it concluded the city’s call-for-service and dispatch logs are confidential under section 550.065(b) of the Transportation Code. Relying on the court’s interpretation of the broad scope of section 550.065, we construe the converse to be true when the requestor does provide the requisite information pursuant to section 550.065(c)(4). Thus based on the court’s rationale, when a person provides two of the required pieces of information to a governmental entity, it must release any information that relates to a motor vehicle accident required to be reported under chapter 550. Such a release is not limited to the accident report itself. *Id.* at 433.

Here, the requested information relates to a motor vehicle accident required to be reported under chapter 550 because it resulted in injury to or the death of a person or damage to the property of a person to the apparent extent of \$1,000 or more, and the requestor has provided the department with the requisite information. Although the department asserts section 552.108 to withhold the information, information expressly made public by statute may not be withheld from the public under the general exceptions to public disclosure under the Act. *See, e.g.*, Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act). Because section 552.108 is a general exception under the Act, the requestor’s statutory access under section 550.065(c)(4) prevails and the department may not withhold the information under section 552.108 of the Government Code. However, we will consider the applicability of other exceptions to disclosure of the submitted information.

Section 552.101 of the Government Code also encompasses the Medical Practice Act (“MPA”), subtitle B of title 3 of the Occupations Code, which governs release of medical

records. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides, in relevant part:

(a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Upon review, we find the information we have marked constitutes a record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that was created or is maintained by a physician. Accordingly, the information we have marked is generally confidential under section 552.101 of the Government Code in conjunction with the MPA.

Section 552.101 of the Government Code also encompasses information made confidential by other statutes, such as chapter 772 of the Health and Safety Code, which authorizes the development of local emergency communication districts. Section 772.318 of the Health and Safety Code applies to an emergency communication district for a county with a population of more than 20,000 and makes confidential the originating telephone numbers and addresses of 9-1-1 callers that are furnished by a 9-1-1 service supplier. *See* Open Records Decision No. 649 (1996). You state the City of Midland is part of an emergency communication district subject to section 772.318 of the Health and Safety Code. You further state the telephone numbers you have marked in Exhibit C consist of originating telephone numbers furnished by a 9-1-1 service supplier. Accordingly, we find the information you have marked in Exhibit C is generally confidential under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code.

However, because some of the submitted information is specifically protected from public disclosure by section 552.101 of the Government Code in conjunction with the MPA and by

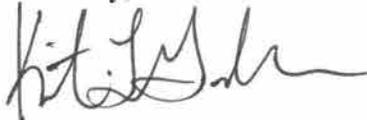

section 552.101 in conjunction with section 772.318 of the Health and Safety Code, we find there is a conflict between these provisions and the access provided under section 550.065(c)(4) of the Transportation Code.

Where general and specific statutes are in irreconcilable conflict, the specific provision typically prevails as an exception to the general provision, unless the general provision was enacted later and there is clear evidence the legislature intended the general provision to prevail. *See id.* § 311.026(b); *see also City of Lake Dallas v. Lake Cities Mun. Util. Auth.*, 555 S.W.2d 163, 168 (Tex. Civ. App. — Fort Worth 1977, writ ref'd n.r.e.). While section 550.065 governs the release of all information relating to a motor vehicle accident reported under chapter 550, section 159.002 of the MPA specifically protects medical records and section 772.318 specifically protects the originating telephone number and address of a 9-1-1 caller provided by a 9-1-1 service supplier. We therefore conclude section 159.002 of the MPA and section 772.318 of the Health and Safety Code prevail over the requestor's general right of access provided under section 550.065(c). Accordingly, we conclude the department must withhold the information we have marked under section 552.101 of the Government Code in conjunction with the MPA and the information you have marked under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code. The department must release the remaining information to this requestor pursuant to section 550.065(c)(4) of the Transportation Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
