Dear Ms. Campbell:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 566433.

The Leander Police Department (the "department") received a request for a list of registered dog owners in the City of Leander. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as section 826.0211 of the Health and Safety Code, which provides, in relevant part:

(a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and, therefore, does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

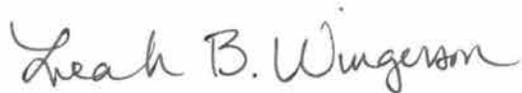

the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). We note section 826.0211 is applicable only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. The submitted information does not consist of rabies vaccination certificates and you have not explained the information was compiled from information contained in one or more rabies vaccination certificates. Thus, we find you have failed to establish the submitted information is confidential under section 826.0211 of the Health and Safety Code. Consequently, the department may not withhold any of the submitted information under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection); *see also* Open Records Decision Nos. 658 at 4 (1998), 478 at 2 (1987). As you have not claimed any other exceptions to disclosure, the department must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
