Mr. Daniel Ortiz
Assistant City Attorney
Office of the City Attorney
City of El Paso
P.O. Box 1890

OR2015-11165

Dear Mr. Ortiz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 566562.

The El Paso Police Department (the "department") received two requests for information pertaining to a specified incident. You state you have released some information. You claim the submitted information is excepted from disclosure under sections 552.103 and 552.108 of the Government Code.¹ We have considered the exceptions you claim and reviewed the submitted information.

We must consider the requestors' statutory rights to access the information at issue. Section 550.065 provides information that "relates to a motor vehicle accident reported under [chapter 550]" is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. Transp. Code § 550.065(a)-(b). Chapter 550 requires the

¹Although you also raise section 552.101 of the Government Code in conjunction with common-law privacy and constitutional privacy for the submitted information, you provide no arguments explaining how these doctrines are applicable to the information at issue. Therefore, we assume you no longer assert section 552.101 of the Government Code in conjunction with these doctrines. See Gov't Code §§ 552.301, .302.

creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator's accident report), .062 (officer's accident report). A governmental entity may release information related to a reported accident only in accordance with subsections (c) and (e). *Id.* § 550.065(c), (e). Section 550.065(c)(4) provides a governmental entity shall release such information to a person who provides two of the following three pieces of information: (1) the date of the accident, (2) the name of any person involved in the accident, and (3) the specific address or the highway or street where the accident occurred. *Id.* § 550.065(c)(4).

In *City of San Antonio v. Abbott*, the court of appeals considered the applicability of section 550.065 to certain information related to an accident. 432 S.W.3d 429 (Tex. App. — Austin 2014, pet. denied). The information at issue consisted of call-for-service and dispatch logs, and the requestor did not provide the requisite information pursuant to section 550.065(c)(4) to obtain the logs. The city argued the plain meaning of the phrase, "information that . . . relates to a motor vehicle accident" in section 550.065 includes *any* information pertaining to an accident reported under chapter 550, and thus, encompasses the information in its logs. Thus, the city contended the logs are confidential because the information relates to motor vehicle accidents reported under chapter 550. The court of appeals agreed with the city's interpretation of section 550.065. The court held the phrase "relates to" is "very broad" and the Legislature's use of the phrase "has the effect of broadening the scope of [s]ection 550.065 to render more than the actual accident reports confidential." *Id.* at 432. Because the court found the language in section 550.065 to be unambiguous and encompass more than the actual accident report required to be filed under chapter 550, it concluded the city's call-for-service and dispatch logs are confidential under section 550.065(b) of the Transportation Code. Relying on the court's interpretation of the broad scope of section 550.065, we construe the converse to be true when the requestor does provide the requisite information pursuant to section 550.065(c)(4). Thus based on the court's rationale, when a person provides two of the required pieces of information to a governmental entity, it must release any information that relates to a motor vehicle accident required to be reported under chapter 550. Such a release is not limited to the accident report itself. *Id.* at 433.

Here, the requested information relates to a motor vehicle accident required to be reported under chapter 550 because it resulted in injury to or the death of a person or damage to the property of a person to the apparent extent of \$1,000 or more, and the requestors have provided the department with the requisite information. Although the department asserts sections 552.103 and 552.108 to withhold the information, information expressly made public by statute may not be withheld from the public under the general exceptions to public disclosure under the Act. *See, e.g.*, Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act). Because sections 552.103 and 552.108 are general exceptions under the Act, the requestors'

statutory access under section 550.065(c)(4) prevails and the department may not withhold the information under section 552.103 or section 552.108 of the Government Code. Therefore, the department must release the submitted information to the requestors pursuant to section 550.065(c) of the Transportation Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
