

**KEN PAXTON**  
ATTORNEY GENERAL OF TEXAS

June 8, 2015

Lt. Ricardo Gonzalez  
Laredo Police Department  
4712 Maher Avenue  
Laredo, Texas 78041

OR2015-11200

Dear Lt. Gonzalez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 567237 (LPD Ref. No. W004779-032515).

The Laredo Police Department (the "department") received a request for information pertaining to a specified car accident. You state the department has released some responsive information to the requestor. You claim the submitted information is excepted from disclosure under sections 552.103 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note some of the submitted information is subject to section 552.022 of the Government Code. Section 552.022(a) provides, in relevant part, the following:

(a) [T]he following categories of information are public information and not excepted from required disclosure unless made confidential under this chapter or other law:

(1) a completed report, audit, evaluation, or investigation made of, for, or by a governmental body, except as provided by Section 552.108 [of the Government Code]; [and]

...

(5) all working papers, research material, and information used to estimate the need for or expenditure of public funds or taxes by a governmental body, on completion of the estimate[.]

Gov't Code § 552.022(a)(1), (5). The submitted information includes a sign maintenance report that is subject to section 552.022(a)(1). The department must release this information pursuant to section 552.022(a)(1) unless it is excepted from disclosure under section 552.108 of the Government Code or is made confidential under the Act or other law. *See id.* § 552.022(a)(1). The submitted information also includes a work order that is subject to section 552.022(a)(5). The department must release this information unless it is made confidential under the Act or other law. *See id.* § 552.022(a)(5). Although the department raises section 552.103 of the Government Code for the information subject to section 552.022, this exception is discretionary in nature and does not make information confidential under the Act. *See Dallas Area Rapid Transit v. Dallas Morning News*, 4 S.W.3d 469, 475-76 (Tex. App.— Dallas 1999, no pet.) (governmental body may waive section 552.103); Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 663 at 5 (1999) (waiver of discretionary exceptions). Therefore, the department may not withhold any of the information subject to section 552.022, which we have marked, under section 552.103. As you raise no further exceptions to disclosure, this information must be released. However, we will address your argument under 552.103 for the information not subject to section 552.022.

Section 552.103 of the Government Code provides in relevant part as follows:

(a) Information is excepted from [required public disclosure] if it is information relating to litigation of a civil or criminal nature to which the state or a political subdivision is or may be a party or to which an officer or employee of the state or a political subdivision, as a consequence of the person's office or employment, is or may be a party.

...

(c) Information relating to litigation involving a governmental body or an officer or employee of a governmental body is excepted from disclosure under Subsection (a) only if the litigation is pending or reasonably anticipated on the date that the requestor applies to the officer for public information for access to or duplication of the information.

Gov't Code § 552.103(a), (c). The governmental body has the burden of providing relevant facts and documents to show the section 552.103(a) exception is applicable in a particular situation. The test for meeting this burden is a showing that (1) litigation is pending or reasonably anticipated on the date the governmental body received the request for information and (2) the information at issue is related to that litigation. *Univ. of Tex. Law*

*Sch. v. Tex. Legal Found.*, 958 S.W.2d 479, 481 (Tex. App.—Austin 1997, orig. proceeding); *Heard v. Houston Post Co.*, 684 S.W.2d 210, 212 (Tex. App.—Houston [1st Dist.] 1984, writ ref'd n.r.e.); Open Records Decision No. 551 at 4 (1990). The governmental body must meet both prongs of this test for information to be excepted from disclosure under section 552.103(a).

You state, and provide documentation showing, a lawsuit styled *Nancy Castillo, et al. v. City of Laredo*, Cause No. 2014CVT002389 D1, was pending against the city in the District Court of Webb County, Texas, when it received the request for information. Therefore, we agree litigation was pending when the department received the request. We also find you have established the information we have marked is related to the pending litigation for purposes of section 552.103(a). Therefore, the department may withhold the information we have marked under section 552.103(a) of the Government Code.

However, once the information has been obtained by all parties to the pending litigation, no section 552.103(a) interest exists with respect to that information. Open Records Decision No. 349 at 2 (1982). We also note the applicability of section 552.103(a) ends when the litigation has concluded. Attorney General Opinion MW-575 at 2 (1982); Open Records Decision Nos. 350 at 3 (1982), 349 at 2.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 provides information that “relates to a motor vehicle accident reported under [chapter 550]” is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. Transp. Code § 550.065(a)-(b). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator’s accident report), .062 (officer’s accident report). A governmental entity may release information related to a reported accident only in accordance with subsections (c) and (e). *Id.* § 550.065(c), (e). Section 550.065(c)(4) provides a governmental entity shall release such information to a person who provides two of the following three pieces of information: (1) the date of the accident, (2) the name of any person involved in the accident, and (3) the specific address or the highway or street where the accident occurred. *Id.* § 550.065(c)(4).

In *City of San Antonio v. Abbott*, the court of appeals considered the applicability of section 550.065 to certain information related to an accident. 432 S.W.3d 429 (Tex. App.—Austin 2014, pet. denied). The information at issue consisted of call-for-service and dispatch logs, and the requestor did not provide the requisite information pursuant to section 550.065(c)(4) to obtain the logs. The city argued the plain meaning of the phrase, “information that . . . relates to a motor vehicle accident” in section 550.065 includes *any*

information pertaining to an accident reported under chapter 550, and thus, encompasses the information in its logs. Thus, the city contended the logs are confidential because the information relates to motor vehicle accidents reported under chapter 550. The court of appeals agreed with the city's interpretation of section 550.065. The court held the phrase "relates to" is "very broad" and the Legislature's use of the phrase "has the effect of broadening the scope of [s]ection 550.065 to render more than the actual accident reports confidential." *Id.* at 432. Because the court found the language in section 550.065 to be unambiguous and encompass more than the actual accident report required to be filed under chapter 550, it concluded the city's call-for-service and dispatch logs are confidential under section 550.065(b) of the Transportation Code. Relying on the court's interpretation of the broad scope of section 550.065, we construe the converse to be true when the requestor does provide the requisite information pursuant to section 550.065(c)(4). Thus based on the court's rationale, when a person provides two of the required pieces of information to a governmental entity, it must release any information that relates to a motor vehicle accident required to be reported under chapter 550. Such a release is not limited to the accident report itself. *Id.* at 433.

Here, the remaining information relates to a motor vehicle accident required to be reported under chapter 550 because it resulted in injury to or the death of a person or damage to the property of a person to the apparent extent of \$1,000 or more, and the requestor has provided the department with the requisite information. Although you assert section 552.108 to withhold the information, information expressly made public by statute may not be withheld from the public under the general exceptions to public disclosure under the Act. *See, e.g.*, Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act). Because section 552.108 is a general exception under the Act, the requestor's statutory access under section 550.065(c)(4) prevails and the department may not withhold the information under section 552.108 of the Government Code. Thus, the department must release the remaining information to the requestor pursuant to section 550.065(c).

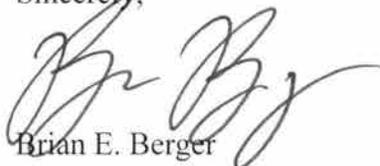

We note you have redacted some of this information under section 552.136 of the Government Code, which states "Notwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential." Gov't Code § 552.136(b); *see id.* § 552.136(a) (defining "access device"). However, as a general rule, statutes governing the release of specific information prevail over the general exceptions to disclosure found in the Act. *See* Attorney General Opinion DM-146 at 3 (1992); *see also* Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exceptions to disclosure under the Act). Thus, the department may not withhold any of the remaining information under section 552.136 of the Government Code.

In summary, the department must release the information we have marked pursuant to section 552.022 of the Government Code. The department may withhold the information we have marked under section 552.103(a) of the Government Code. The department must release the remaining information to the requestor pursuant to section 550.065(c) of the Transportation Code.
