Dear Ms. Henry:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 568949 (Plano ORR# RODC040615).

The Plano Police Department (the "department") received a request for "all the citation information and police records" pertaining to the requestor. You claim the requested information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision."<sup>2</sup> Gov't Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 provides information that "relates to a motor vehicle accident reported under [chapter 550]" is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. Transp. Code § 550.065(a)-(b). Chapter 550 requires the creation of a written report when the accident resulted in injury to

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

<sup>2</sup>The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body. Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator's accident report), .062 (officer's accident report). A governmental entity may release information related to a reported accident only in accordance with subsections (c) and (e). *Id.* § 550.065(c), (e). Section 550.065(c)(4) provides a governmental entity shall release such information to a person who provides two of the following three pieces of information: (1) the date of the accident, (2) the name of any person involved in the accident, and (3) the specific address or the highway or street where the accident occurred. *Id.* § 550.065(c)(4).

In *City of San Antonio v. Abbott*, the court of appeals considered the applicability of section 550.065 to certain information related to an accident. 432 S.W.3d 429 (Tex. App.—Austin 2014, pet. denied). The information at issue consisted of call-for-service and dispatch logs, and the requestor did not provide the requisite information pursuant to section 550.065(c)(4) to obtain the logs. The city argued the plain meaning of the phrase, “information that . . . relates to a motor vehicle accident” in section 550.065 includes *any* information pertaining to an accident reported under chapter 550, and thus, encompasses the information in its logs. Thus, the city contended the logs are confidential because the information relates to motor vehicle accidents reported under chapter 550. The court of appeals agreed with the city's interpretation of section 550.065. The court held the phrase “relates to” is “very broad” and the Legislature's use of the phrase “has the effect of broadening the scope of [s]ection 550.065 to render more than the actual accident reports confidential.” *Id.* at 432. Because the court found the language in section 550.065 to be unambiguous and encompass more than the actual accident report required to be filed under chapter 550, it concluded the city's call-for-service and dispatch logs are confidential under section 550.065(b) of the Transportation Code. Relying on the court's interpretation of the broad scope of section 550.065, we construe the converse to be true when the requestor does provide the requisite information pursuant to section 550.065(c)(4). Thus, based on the court's rationale, when a person provides two of the required pieces of information to a governmental entity, it must release any information that relates to a motor vehicle accident required to be reported under chapter 550. Such a release is not limited to the accident report itself. *Id.* at 433.

Here, the requested information relates to a motor vehicle accident required to be reported under chapter 550 because it resulted in injury to or the death of a person or damage to the property of a person to the apparent extent of \$1,000 or more.<sup>3</sup> In this instance, the requestor has not provided the department with two of the three pieces of required information

<sup>3</sup>In response to this office's request for additional information under section 552.303 of the Government Code, the department informed us a CR-3 accident report was completed pursuant to chapter 550 of the Transportation Code. *See* Gov't Code § 552.303(c)-(d) (if attorney general determines that information in addition to that required by section 552.301 is necessary to render decision, written notice of that fact shall be given to governmental body and requestor, and governmental body shall submit necessary additional information to attorney general not later than seventh calendar day after date of receipt of notice).

pursuant to section 550.065(c)(4). Thus, the submitted information is confidential pursuant to section 550.065(b) of the Transportation Code.

However, we note the submitted information contains the requestor's fingerprints, the public availability of which is governed by sections 560.001, 560.002, and 560.003 of the Government Code. Section 560.003 of the Government Code provides, "[a] biometric identifier in the possession of a governmental body is exempt from disclosure under [the Act]." Gov't Code § 560.003; *see id.* § 560.001(1) ("biometric identifier" means retina or iris scan, fingerprint, voiceprint, or record of hand or face geometry). Section 560.002 of the Government Code provides, however, "[a] governmental body that possesses a biometric identifier of an individual . . . may not sell, lease, or otherwise disclose the biometric identifier to another person unless . . . the individual consents to the disclosure[.]" *Id.* § 560.002(1)(A). In this instance, the requestor is the individual whose fingerprints are at issue. Thus, the requestor has a right of access to his fingerprints under section 560.002(1)(A).

Thus, there is a conflict between the confidentiality mandated under section 550.065(b) of the Transportation Code and the right of access provided to this requestor under section 560.002 of the Government Code. Where general and specific statutes are in irreconcilable conflict, the specific provision typically prevails over the general provision unless the general provision was enacted later and there is clear evidence that the legislature intended the general provision to prevail. *See* Gov't Code § 311.026(b); *City of Lake Dallas v. Lake Cities Mun. Util. Auth.*, 555 S.W.2d 163, 168 (Tex. Civ. App.—Fort Worth 1977, writ ref'd n.r.e.).

In this instance, we find section 550.065 of the Transportation Code generally applies to information that relates to a motor vehicle accident required to be reported under chapter 550. Section 560.002 of the Government Code, however, applies specifically to biometric identifier information. Accordingly, we find the right of access provided to this requestor under section 560.002 prevails over the confidentiality of section 550.065(b). Thus, the department must release the requestor's fingerprints to him pursuant to section 560.002(1)(A) of the Government Code, but it must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 550.065(b) of the Transportation Code.<sup>4</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
