

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

June 16, 2015

Ms. Victoria D. Honey
Assistant City Attorney
Office of the City Attorney
City of Fort Worth
1000 Throckmorton Street, 3rd Floor
Fort Worth, Texas 76102

OR2015-11844

Dear Ms. Kretz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 570901 (Fort Worth PIR No. W042108).

The City of Fort Worth (the "city") received a request for records relating to the water and wastewater lines existing at a specified location.¹ The city claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the city claims and reviewed the submitted representative sample of information.²

¹We note the city sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or over-broad request for public information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

²We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by other statutes. As part of the Texas Homeland Security Act (“HSA”), sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make certain information related to terrorism confidential.

Section 418.181 of the Government Code provides “[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.” *Id.* § 418.181. The fact that information may relate to a governmental body’s security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The city asserts, and we agree, the city’s water supply and sanitary sewer systems are critical infrastructure. *See id.* § 421.001 (defining “critical infrastructure” to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation”). The city states the information at issue reveals significant details of the water supply and sanitary sewer lines in the specified location. The city explains release of the information would provide a criminal or terrorist with the location and diameter of the water supply and sanitary sewer lines at issue. Based on the city’s representations and our review, we find the city has demonstrated release of the information at issue would identify the technical details of particular vulnerabilities of the city’s water system to an act of terrorism. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.³

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <http://www.texasattorneygeneral.gov/open/>

³As our ruling is dispositive, we need not address the city’s remaining argument against disclosure.
