

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 22, 2015

Mr. Justin Graham
General Counsel
Garland Independent School District
P.O. Box 469026
Garland, Texas 75046-4923

OR2015-14873

Dear Mr. Graham:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 572436.

The Garland Independent School District (the "district") received a request for video recordings for a specified school during a specified time period.¹ You state you will redact information pursuant to the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g(a).² You claim the submitted information is excepted from disclosure under

¹You state the district sought and received clarification of the request for information. *See* Gov't Code § 552.222(b) (stating if information requested is unclear to governmental body or if large amount of information has been requested, governmental body may ask requestor to clarify or narrow request, but may not inquire into purpose for which information will be used); *City of Dallas v. Abbott*, 304 S.W.3d 380 (Tex. 2010) (holding when governmental entity, acting in good faith, requests clarification of unclear or overbroad request for public information, ten-business-day period to request attorney general opinion is measured from date request is clarified or narrowed).

²The United States Department of Education Family Policy Compliance Office (the "DOE") has informed this office FERPA does not permit state and local educational authorities to disclose to this office, without parental or an adult student's consent, unredacted, personally identifiable information contained in education records for the purpose of our review in the open records ruling process under the Act. The DOE has determined FERPA determinations must be made by the educational authority in possession of the educational records. We have posted a copy of the letter from the DOE on the Attorney General's website at <http://www.oag.state.tx.us/open/20060725usdoe.pdf>.

section 552.101 of the Government Code.³ We have considered the exception you claim and reviewed the submitted representative sample of information.⁴ We have also received and considered comments submitted by the requestor. *See* Gov't Code § 552.304 (providing that interested party may submit written comments regarding why information should or should not be released).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 418.182 of the Government Code, which was added to chapter 418 of the Government Code as part of the Texas Homeland Security Act. Section 418.182 provides, in part:

(a) Except as provided by Subsections (b) and (c), information, including access codes and passwords, in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

Id. § 418.182(a). The fact information may generally be related to a security system does not make the information *per se* confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.182 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the requested information relates to the specifications and locations of the district's security system at the specified school, and release of the requested information would compromise the district's ability to protect schools against terrorism and related criminal activity. You explain the information at issue reveals the capabilities, quality, clarity, and operating procedures of the district's overall security system. You further explain the

³We note, although you also raise section 552.022 of the Government Code, section 552.022 is not an exception to disclosure. Rather, section 552.022 enumerates categories of information that are not excepted from disclosure unless they are made confidential under the Act or other law. *See* Gov't Code § 552.022.

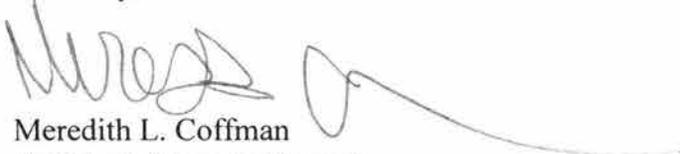

⁴We assume that the “representative sample” of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

information at issue reveals the exact location of the specified school's surveillance videos and the placement of security guards at that school. Based on your representations and our review, we conclude the submitted surveillance camera footage is related to the specifications, operating procedures, or location of a security system used to protect public property from an act of terrorism or related criminal activity. *See Tex. Dep't of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (recorded images necessarily relate to specifications of security system that recorded them, and thus, are confidential under section 418.182). Accordingly, the district must withhold the submitted surveillance camera footage under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
