OR2015-16411

Dear Ms. Mares:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 575353.

The City of McKinney (the "city"), which you represent, received a request for the fire report pertaining to a specified address. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code.¹ We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by section 773.091 of the Health and Safety Code, which provides in part:

- (a) A communication between certified emergency medical services [(“EMS”)] personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services

¹You acknowledge the city did not comply with section 552.301 of the Government Code in requesting a ruling from this office. *See* Gov't Code § 552.301(b), (e). Nonetheless, because the exception you claim can provide a compelling reason to overcome the presumption of openness, we will consider its applicability to the submitted information. *See id.* §§ 552.007, .302, .352.

to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

Health & Safety Code § 773.091(a)-(b). You argue the submitted information consists of EMS records because it “identifies a patient who has been evaluated by or has received treatment from [EMS] personnel.” Upon review, we find you have not demonstrated the submitted information consists of communications between certified EMS personnel providing medical supervision and patients that were made in the course of providing emergency medical services to the patients. *See id.* § 773.091(a). Furthermore, the information at issue does not consist of records of the identity, evaluation, or treatment of patients by EMS personnel providing medical supervision that were created by the EMS personnel or maintained by an EMS provider. *See id.* § 773.091(b). Accordingly, we find section 773.091 does not apply to any portion of the submitted information, and the city may not withhold the information under section 552.101 of the Government Code on that basis. The city must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
